ORINDA SUN

Vol. X, No. 10 — Lafayette — Orinda, California — Friday, May 23, 1952 — Ten Cents

Assembly Candidates to Answer Questions

In an attempt to acquaint voters with Assembly candidates the SUN has mailed letters to each candidate asking him to return answers to nine questions dealing with subjects of vital interest to every citizen.

When the questionaire is returned, answers from each candidate will be published along with a thumb-nail sketch of his background.

THE QUESTIONAIRE is being sent to candidates solely as a means of eliciting definite answers to vital questions from men who have announced their candidacy for public office.

Their answers will be published as a public service to our readers. We do not support any candidate.

1. The last session of the assembly passed a bill to outlaw draw poker in California. If this bill is again presented, will you support or oppose it?

2. Do you approve or disapprove of the present Taft-Hartley labor law?

3. An interim study committee is now studying an "urban unincorporated bill" which will come up again in the next session. Will you vote yes or no for the bill with provisions generally the same as they were?

4. Which state highway in Contra Costa County do you think should be given first attention by the state?

5. Do you favor a new southern-crossing bridge or a parallel bay bridge?

6. Will you support or oppose continuation of the State Crime Commission?

7. Do you favor or oppose a stricter lobby-control law?

8. Do you favor or oppose Governor Warren's proposed compulsory health insurance law?

9. Do you think our present unemployment insurance, workmen's insurance, workmen's compensation, pension and welfare laws should be 1) expanded and liberalized; 2) contracted and tightened; or 3) left as is.

LOVELY MINK — LOVELY GAL . . . The scene is from a skit to be presented at the Republican political rally next Wednesday night at Acalanes High School. Rehearsing at the Harmon Howard home in Walnut Creek, left to right, are Spencer Lehmann, Doris Jellett as a Washington, D. C., secretary, and Bill Brock, who wants to toss in that dough for good measure.

Franchise Plea Of W. P. Still 'Hanging Fire'

"Nothing new" was the word yesterday from Western Pacific regarding the hoped-for franchise from the City of Oakland for the Oakland Terminal Railway for a half-mile of track.

The office of G. H. Kneiss, assistant to the president of Western Pacific, reported that, despite earlier expectations, the Oakland City Council had not yet acted on the O.T.R. request. O.T.R. is owned jointly by W.P. and Santa Fe Railroads.

Because of this situation, Western Pacific's plans to abandon and tear up 16 miles of its Sacramento Northern tracks — eight miles from West Lafayette station to Oakland, and eight miles in Oakland — continued to be delayed. If Oakland grants the O.T.R. franchise, W.P. intends to apply to the Interstate Commerce Commission for authority to build the half-mile trackage and for authority to abandon the Sacramento Northern tracks to West Lafayette.

Federation Board Set for June 19 State Meeting

June 19 may seem a comfortable distance away, but Chairman Elliot Hartman of the Diablo Highway Federation pointed out today that it is less than four weeks off.

That date is that of the scheduled June monthly meeting of the California Highway Commission in Sacramento. And the reason for Hartman's concern over it is that a delegation from the Diablo Highway Improvement Federation will be there, to urge inclusion in the 1953-54 commission budget of funds for start of Freeway work in this area.

ACCORDING TO Hartman, Walnut Creek city officials intend to be present, also. Federation board meetings are being held to prepare the presentation to be made, and Walnut Creek City Attorney John A. Nejedly will meet with the board, to assist in this preparation, according to Hartman.

Hartman added that at a recent session of the federation board, Supervisor Jack Cummings told the directors that the entire County Board of Supervisors would like to go along on the June 19 trip.

SETTING OF the 1953-54 budget by the Highway Commission will take place in the fall, but budget deliberations are expected to get under way this summer.

"That's why we want to make an effective presentation June 19," Hartman pointed out. "We want to stress to the commission how important it is that Freeway construction actually get under way by 1953."

MEANWHILE, the federation board is striving for enforcement of the recently instituted 45-mile speed limit on portions of Mt. Diablo Boulevard where the limit had previously been 55 miles per hour.

At a recent board meeting Sergeant Hine of the California Highway Patrol, representing Captain George Belon, was present. Federation directors discussed with him the problem of supervision of traffic and enforcement of speed limits along the highway.

It was pointed out that the Highway Patrol has only one car or duty from the Tunnel to Walnut Creek.

Explorer Scout Paper Drive To Start Tomorrow

Boy Scout Troop 200 and Explorer Post 300 are having a paper drive tomorrow, from 8 a.m. on.

The money realized from sale of the paper will be used for Scout Hut improvements and camping equipment.

If your bundle of tied newspapers isn't waiting for them in front of your driveway, the boys will be ringing your doorbell to remind you how much they need everyone's paper donation.

Strike May Delay Hospital Building; Finish Plans Soon

Plans for the 45-bed hospital to be erectetd at the Art and Garden Center soon will be completed.

However, Dr. Richard Bullis of Kaiser Foundataion said this week that the "carpenter strike possibly could hold up construction work a little."

He said the same obstacle had been encountered in the construction of a Permanente Hospital in San Francisco which was to begin in April.

Dr. Bullis said bids to contractors for work on the Walnut Creek hospital will be sent out on June 15. They will be returned in a week, he said.

Building is scheduled to begin on July 1.

Oriole-Tanager Frontier Frolic Tomorrow Night

Tomorrow night's the night! Frontier frolic, food, fun and fandango at the Bar Nothing Ranch (Castle Rock Park) begins at 5 p.m.

Dont' forget the little maps that went with your tickets so you can find your way to Castle Rock Park, for the Frontier Frolic of the Orioles and Tanagers.

THERE WILL BE swimming and games and you won't want to miss out on the tantalizing fragrance of that barbecue as it will be slowly cooking for several hours. The chef will start serving at 7 p.m. You will be serenaded during dinner by the "Gadabouts," who will later play for dancing.

The decorating committee has been busy transforming Castle Rock Park into the "Bar Nothing Ranch," so be sure to wear those jeans, pardner—and gals, get out your prettiest cottons.

GUESTS WILL BE welcomed by Mrs. Calvin Hagstrom and Mrs. Carl Wellington Smith, president and past president, respectively, of the Orioles, and Mrs. Alexander B. Morris and Mrs. D. M. Anderson, president and past president, respectively, of the Tanagers.

Proceeds from the frolic will go toward Mt. Diablo Therapy Center.

Bleuel President Of Minerindans

Maurice Bleuel was elected president of Minerinda Property Owners Association at a recent meeting of the board of directors at the home of Wellington Ray of 3 Ranch Road.

S. Douglas Smith was elected vice-president, and Ralph Phelps, secretary-treasurer.

Committee chairmen appointed were George Wood, Civic Affairs; John Barchfield, roads; Dr. A. D. Lange, plans approval, and Eugene Shurtleff ,sanitary.

The directors authorized Barchfield to take necessary action to facilitate the early repair of the roads under the associations control.

Find Woman With Throat Slashed

Maxine Scobey of Alameda was found lying on a road with her throat slashed near the Orinda Filter Plant early last Friday morning by Mars A. Craddick, E.B.M.U.D. filter plant employee. Doctors at Permanente Hospital said they expected the 26-year-old Negro woman to recover.

Miss Scoby named Leander Green of Oakland, also a Negro, as her assailant. Officers of Contra Costa and Alameda Counties sought him on a charge of assault with a deadly weapon.

Craddick said he saw a man chasing a woman near the intersection of Bear Creek and San Pablo Dam Roads but as he sped to the scene the man fled. Craddick rushed the woman to the filter plant in his car and summoned help.

Planners Say OK For New Site Of St. Stephen's

The County Planning Commission, at its regular meeting Tuesday in Martinez, recommended granting of a request by the Protestant Episcopal Bishop of California for permit to construct the projected new St. Stephen's Church on 9.06 acres of land on the southeast side of Honey Hill Road, near Charles Hill Road.

According to Planning Technician Tom Heaton, the recommendation was made despite protests from three representatives of the Monte Vista Improvement Association who pointed to possibility of traffic congestion and to the fact that the nearby area was zoned single-family residential.

Final action is slated for the Board of Supervisors next Tuesday, 2 p.m., in Room 210 of the Hall of Records, Martinez.

A REPRESENTATIVE of the church spoke in behalf of the application, Heaton said.

There was no roll-call vote, the planning technician stated.

THE LAND, recently purchased from the East Bay Municipal Utility District, lies generally between the Haciendas Del Orinda area and the Charles Hill area ,an R-A section. The triangular parcel was the northeast corner of a large E.B.M.U.D. holding north of Mt. Diablo Boulevard.

The application states that plans are for construction of a church with facilities for a Sunday school.

Talbott Car Blamed In Crash

Mrs. Margaret K. Talbott of 3 Powell Drive, Lafayette, was blamed by a coroner's jury for the head-on collision which took the lives of Mrs. Talbott and two other women on Mt. Diablo Boulevard May 11.

The jury found that the deaths were caused by the following, after hearing conflicting testimony at an inquest at Hull and Sons' funeral home in Walnut Creek:

". . . from gross bodily injuries caused by a collision of a car in which they were riding, and being driven by Francis J. McGonigle and a car being driven by Margaret K. Talbott in the wrong lane of traffic; and we believe Margaret K. Talbott was to blame."

It is believed Mrs. Talbott's car was going east and swerved, crossing over to strike the McGonigle car, westbound.

A separate inquest is expected to be held later by the Alameda County coroner's office, where Mrs. Talbott's body was received.

Travel Slides Seen By Guild Members

Section 3 of the Women's Giuld met May 13 at the home of Mrs. Fred Twining.

Members served as usual but also were entertained with slides showing scenes enjoyed last summer at cosemite by Mrs. H. Reiger, and others of Kings River Canyon shown by Mrs. Twining.

Co-hostesses were Mrs. O. S. Jones and Mrs. A. P. Yriberri.

Horstkotte Warns Of Septic Tank Hazard in Orinda

The Central Contra Costa Sanitary District has embarked upon a stepped-up program of sanitation in the district's Orinda area, it was announced this week by Gerry A. Horstkotte Jr., distirct engineer.

"The Sanitary District is vitally concerned with the health and welfare of the people in the Central Contra Costa Sanitary District," Horstkotte said. "We are working very closely with the East Bay Municipal Utility District sanitary engineers, the State and County Health Departments and State Water Pollution Control Board officials in this most important work.

"OF PRIME IMPORTANCE to our health and well being," he continued, "is the necessity of having the property owners in the Sanitary District who are still using septic tanks take prompt action to connect their house sewage lines to the sewage system of the district, so that the wastes can receive proper treatment and disposal."

A survey made last month shows that there are 90 homes now in Orinda and vicinity which can be connected immediately, and approximately 200 more which can be tied in when improvement projects, now under construction by the district, are completed this summer.

"THE ADOBE SOIL in the Orinda area and in the balance of the Sanitary District is generally unsuitable to septic tank installations," Horstkotte declared. "Septic tanks therefore constitute not only a source of contamination to local reservoirs but a particular hazard to the health of children who in their play come in contact with septic tank sewage on the ground surface. Surveys made by E.B.M.U.D. engineers ,county sanitarians and ourselves show this condition to be true."

Horstkotte requested that owners of homes which are not now connected to the Sanitary District system call the district office for information. He said:

"The costs of connecting to the district sewers is less than the continuing costs of maintaining and cleaning septic tanks. The home owners are paying for this publicly owned system, and they should take advantage of the benefits of proper sewage disposal provided for them by the district as it becomes available."

Dr. Bromley Delivers Paper on 'Heat Flow'

Dr. Leroy Bromley recently returned from French Lick, Ind., where he delivered a paper on "Heat Flow" before the American Chemical Society at its meeting at Indiana University.

Dr. Bromley is a member of the University of California faculty and lives in Orinda.

P. O. Service – It Grows, Not Without Groans

Orinda's post office system is growing. So is the height of mail boxes. And, of course, there are growing pains.

If all this seems a bot confusing, here's what's been happening:

Until recently, Chevrolet coupes were used for mail deliveries. Things were going along pretty well, but you never can tell—Orinda's such a growing place.

RECENTLY A government order placed government-owned trucks in service, instead of the coupes, which were owned by private individuals with rental contracts with the post office. The trucks are bigger, carry more mail. But there are complications.

For one thing, the private cars could service mail boxes on both sides of a road. Not so government trucks, however. They deliver only on the right side—according to post office notice, this is "due to legal technicalities in case of accident of any kind."

So the left-side owners of mail boxes have to move them to the right side.

NOT ONLY THAT. Before, it was O.K. to have the box 46 inches from the ground. Now it must be 56 inches above the ground. So up go the boxes.

And another thing—no more of this business of kids running out while the mailman is still there, and grabbing the mail from the box.

"THE NEW TRUCKS," the notice points out, "do not offer the full vision afforded by passenger cars, so parents are requested to discourage their children from getting the mail until after the driver has left."

No wonder post office regulations are a favorite talk-topic these days!

Baldwin Parade In Orinda, and More, Tomorrow

With a rah-rah here and a toot-toot there and signs for Baldwin everywhere, an enthusiastic Baldwin-for-Congress auto parade will wind its way through Orinda tomorrow and go out to St. Mary's College and Lafayette Valley Estates.

With new elaborations of the plan developing almost every-hour-on-the-hour, it looked at press time last night as if the parade might return to the Crossroads area by way of Mt. Diablo Boulevard, through Lafayette and westward.

MANAGING the arrangements for the event was Mrs. Percy S. Brown of 29 Camino Don Miguel, who described the parade as a move by citizens of Orinda to acquaint the people with the "grass roots" candidacy of John F. Baldwin Jr.

The auto caravan will start at 9 a.m. from the tennis courts at the Melvin Jacobus home, "Sol-Brae," 275 Orinda Highway. Proceeding through the Village and down to the Crossroads, and then on through the Moraga side, the parade, according to Mrs. Brown ,will go along "the highways and byways of the community." It may be 1 p.m. before it's all over.

A MUSICAL TOUCH will be provided by three boys playing accordions—Allen Sutton, Peter St. Hill and Tom Hannah. Ritchie Smith will talk over a public address system ,arranged for by Clarence O. Davey. Banners have been painted by Mrs. Leon Woolsey, placards by Mrs. Dwight E. Seaton.

Among the drivers will be Jim Jacobus, Tony Biggs, Bob Burkett, and Mesdames T. P. Bacon Jr., Charles E. Coburn, Robert Raskob, Ritchie Smith, Carlton L. Rank, Norman Cunningham, Jack Moylan and Percy S. Brown and Mr. and Mrs. Clarence O. Davey.

Mills Club Maps Party in June

At its regular monthly meeting last week at the home of Jean Lathrap on Glorietta Boulevard, the Orinda Mills Club formulated plans for its June party, which will be given at the home of Betty Spaghet on Minor Road. Featured on the program for the evening will be the reading, by Jean Henderson, of a current Broadway play.

Last week's meeting was attended by Anne Copenhagen. Ruth Gilwee, Shirley Fager, Emily Randall, Jean Henderson, Anne Sanford and Helen Gulick.

Next year's activities were planned, and children's party forms for the Mills Club project were made.

Record Turnout Keeps Incumbents On School Board

In a record turnout here for a school trustee election, voters of the Orinda School District returned incumbents Catherine Schwarck and Anthony R .Cianciarulo to office last Friday, for three-year terms beginning July 1.

Both incumbents scored far ahead of the two other candidates, who were tied for third place. Unofficial tally of the ballots showed:

Catherine Schwarck, 535.
Anthony R. Cianciarulo, 434.
Cecil E. Cantrill, 136.
A. M. Arighi, 136.

There were no write-in votes and no absentee ballots.

"This is the largest school election vote Orinda has ever had," Superintendent of Schools Joseph L. Sheaff said. "The reason was probably because of the contest here and the contest in the Contra Costa Junior College board election. A total of 643 persons cast ballots."

(See separate story on vote for Junior College trustees and Acalanes High School District trustees.)

The local board will meet at 1 p.m. today, at Orinda School, for official canvass of the ballots.

Better Reception Expected Here With TV Thaw

Thanks to the government's thaw of the three and a half year freeze on new stations, television set owners in this area can look ahead to better reception soon.

So far, three groups are dickering to build transmitters in the area. Additionally, more and more stronger stations elsewhere in the area the being planned.

CLOSET TO HOME is the possibility of station KECC getting permission to build an ultra high frequency transmitter at Port Chicago.

That location was one of 21 listed within 100 miles of San Francisco recently by the government.

The ultra high frequency channels can be received on present sets with the use of adapters.

ANOTHER POSSIBILITY for a local transmitting site is atop Mt. Diablo. This, however, has been allocated to Stockton, so programs would have to be channeled through that city.

KFBR-FM has a radio transmitter on the mountain and is trying to get permission to erect a TV unit there.

Hank Brown, station official, said he thinks TV programs from Mt. Diablo could be tailored to fit both valley and Bay Areas.

In addition to plans for county transmitters, radio station KLX in Oakland reportedly wants to put an installation on Round Top in the hills behind Oakland.

That station is trying to get Channel 2, the only very high frequency spot open for commercial use.

FIVE OTHER GROUPS have applied for this channel, most of which probably would be established in Oakland or San Francisco.

One of them, Television California, hopes to build a transmitter atop the San Bruno ridge south of San Francisco.

According to Larry Reed of that organization, a station there would have good possibilities of improving Contra Costa reception.

ADDITIONAL CHANNELS have been allocated for Sacramento. And some sources believe that stations there would afford better pictures on screens in this area than San Francisco stations do.

However, as bright as the future looks, local set owners are urged not to expect new stations immediately. For one thing, Frank Roach, Federal Communications commission official in San Francisco, has warned that he's extremely short-handed at the present.

Nevertheless, TV lovers here can feel that the first barrier to good reception has been passed. Now it'll be a matter of time.

Orindans Told of City-Cost Study

Spiegl Describes Coro Survey For Lafayette

Incorporation—as now being studied in Lafayette—occupied considerable attention of the Civic Affairs Committee of the Orinda Association Monday night.

The 25 members and delegates at the monthly session at Orinda School listened with interest to Ernest Spiegl's report on the work of the Lafayette Improvement Association's incorporation study committee and on the 52-page report on possible Lafayette incorporation costs by the Coro Foundation of San Francisco.

SPIEGL, WHO has been serving as an observer for the Orinda Association on the Lafayette committee, was introduced by Civic Affairs Chairman Clinton Hallsted.

Spiegl reported that the Coro study showed that Lafayette could be incorporated and derive sufficient revenue to provide city services at either a minimum or medium level of service, but that revenue for cost of maximum level service did not appear available at present. However, the Coro survey declares that the maximum level is not necessary.

FOLLOWING HIS summary, Spiegl introduced Harold Furst, chairman of the Lafayette incorporation study committee. Furst reported on the activities of his group —a fact-finding group, making no recommendations—and said mimeographed copies of the Coro report would be ready in about two weeks.

Civic Affairs delegates expressed interest in the report, and Furst promised to send Civic Affairs a few copies. The Civic Affairs Committee decided it would devote a full meeting to a study of the report.

GI 'Houseparty' Here on Sunday

Sunday is "Operation Houseparty" for the Clipper Club.

At 12:30 p.m. members will meet the Camp Stoneman bus at the Crossroads and take soldiers home for Sunday dinner. About 5:30 they will then drive them to the Orinda Community Church Fellowship Hall for entertainment planned by Mr. and Mrs. Al Styles and Mr. and Mrs. S. M. Hudd and for refreshments arranged by Mr. and Mrs. D. M. Anderson and Mr. and Mrs. J. G. Hupp.

The guests will then be returned to the Crossroads for the bus back to camp.

Gallagher, Burk Get Another Road Job in Orinda

Gallagher and Burk of Oakland was the successful bidder Tuesday for reconstruction of 8275 linear feet of roads — Glorietta Court, Orchard Road, Valley View Drive, Woodland Road, Don Gabriel Way, El Camino Moraga and Altamount Drive.

The County Board of Supervisors awarded the contract to Gallagher and Burk on the firms low bid of 32,675.30. There were a half-dozen other bids.

The board set June 10, 3 p.m., for opening of sealed bids for improving the road surface of Miner Road and Camino Don Miguel.

In another action, the supervisors accepted the grant deed from Anthony L. and Dorothy A. Markus for Orchard Road.

Barbara Stark in Oak. Swim Meet

Barbara Stark, backstroke prospect for the U. S. Olympic swimming team, will be featured in the Oakland Centennial Water Follies at Athens Athletic Club pool tonight, tomorrow night and Sunday night, starting at 8 each evening. The Water Follies are part of Oakland's Centennial Celebration.

Olympic, National and Pacific Association champions will present the aquacade. Barbara recently won the women's national 200-yard backstroke championship at Daytona Beach, Fla.

Barbara has been working out for the Olympic trials in Indiana. If she should take first, second or third place she will get the opportunity of entering the 1952 Olympics in Helsinki, Finland.

Barbara's parents are Dr. and Mrs. Roger Stark of Manzanita Drive.

Orindans Felt The Hot Weekend

Topless cars and shorts were prominently displayed in Orinda last weekend—and why not?

The hottest days (and we don't mean warm) of the week of May 15 through Wednesday were on Saturday and Sunday, with a high of 93 degrees. Orindans felt the heat on those days, too! Relative humidity was 95 per cent.

Coolest temperature recorded during the week was on May 15, 40 degrees.

No rain. Not a speck!

County Road Bond Plan Is Approved By Civic Affairs

Endorsement of the $10,250,000 county road bonds proposal, which will appear on the June 3 ballot, was voted by the Orinda Association's Civic Affairs Committee Monday night, with the recommendation that the association Board of Directors approve the measure.

The recommendation will come before the directors at their meeting at Orinda School next Monday night. The board session will start at 7:30.

Civic Affairs action followed extended discussion, participants in which included Assistant County Road Commissioner George L. Berry and Supervisor Jack Cummings.

BERRY REVIEWED at length the case for the bond issue, stressing that if the bond issue carries, the county road tax would drop by two to 10 cents per $100 assessed valuation—while at the same time better highways and better and cheaper maintenance would result.

Cummings discussed proper procedure for registering road complaints, as suggested by Road Commissioner Victor Sauer. The Board of Supervisors chairman said that a letter describing in detail the specific road problem and its location should be addressed to him, with a copy going to Sauer.

The Civic Affairs group asked the county officials for a county map showing clearly which Orinda Roads are county-maintained and which are not.

GLORIETTA IMPROVEMENT Association representatives appealed to Berry for a study of traffic congestion at the junction of Irvine Drive and Florietta Boulevard, so that control could be improved at this spot, which they termed critical. Berry promised to look into the situation.

Motion to back the county road bonds proposal was made by J. D. DeCosta and was seconded by Vice-Chairman Ramsay Underwood. Frank Newman suggested an amendment that no improvement of San Pablo Dam Road be undertaken by the county until a hearing has been held giving Orinda residents the opportunity to express their views. The proposed amendment was not carried. The original motion was then passed.

Wood's Land Plan Meets Opposition

Opposition to Realtor Fred T. Wood's application for a land use permit for development of property adjoining Scenic Drive, Valley Drive and Brookside Drive flared at Monday night's meeting of the Orinda Association's Civic Affairs Committee meeting at Orinda School.

After some discussion, Chairman Clinton Hallsted asked each delegate to go back to his local improvement association and recommend that protest letters be written—both by organizations and individuals—to the County Planning Commission chairman, with copies going to John Stoffel, commissioner from Orinda.

BASIS OF THE objections, it was suggested, was that the permit request asks approval of less than half-acre parcels, and of front and side lot-line standards different from restrictions in effect in the area.

Other business at the Civic Affairs meeting included:

1.—DECISION TO see that a copy of the board minutes is available each month to Civic Affairs, so that the two groups can keep in better touch with each other. This decision was prompted by a proposal by Harold Rote that a Civic Affairs delegate be named to attend board sessions, or vice-versa.

2.—Tabling consideration of the library problem, which the library committee has been studying. Hallsted suggested tabling the subject, stating he would name a permanent committee to report at the June meeting.

Flood Danger Survey Gets OK

An engineering survey for flood control was authorized recently by the county board of supervisors.

The board apropropriated $5000 for a study of work needed in lower Walnut Creek and its tributaries. Other work would include Pine, Galindo, Mt. Diablo, and Grayson Creeks.

C. Carlyle Rich, engineer of the Contra Costa Flood Control and Water Conservation District, said the survey would begin at once.

He said a report and cost estimates of recommended work may be presented to flood district directors by July 1.

The appropriation was with the understanding that the amount would be returned to the county following formation of an emergency flood district which would pay for the work.

Work done in flood areas last year relieved conditions in the lower part of the creek bed, but additional work is necessary to care for heavy runoff.

Mothers Club Spring Bonnet Tea Next Wednesday to Honor Old, New Officers

Old and new officers of the Orinda Mothers Club will be honored at the annual Spring Bonnet Tea to be held from 2 to 4 p.m. next Wednesday at the home of Mrs. G. W. Miller, 30 Las Cascades.

New officers elected at the final meeting of the Mothers Club Tuesday at Orinda School are:

Mrs. Marvin Bonds, president; Mrs. Miles Sutliffe, vice-president; Mrs. Berton Kohler, treasurer; Mrs. E. J. Unruh, recording secretary; Mrs. Joseph Downs, corresponding secretary and Verna Givens, faculty representative.

OUTGOING OFFICERS for the 1951-52 school year who will be honor guests at the Mothers Club tea include Mrs. Robert Bigler, president; Mrs. Bonds, vice-president; Mrs. Charles Coburn, treasurer; Mrs. Willis Branch, recording secretary; Mrs. Norman Coates, corresponding secretary and Mrs. Roy Nicolaysen, faculty representative.

Mothers of children in the kindergarten classes of both the Orinda and Glorietta Schools will assist in serving at the tea. Room mothers in charge of refreshments are Mesdames Jack Copoer, Milton Vail, Clinton Hallsted and Gordon Ainsworth.

DURING THE TEA, young children may be left at the child care room at Orinda Community Church or Room 12 at the Glorietta School. There is a charge of 50 cents per child for this care.

All mothers of children in the Orinda and Glorietta Schools are invited to attend the Spring Bonnet Tea, final event of the year for Orinda Mothers Club.

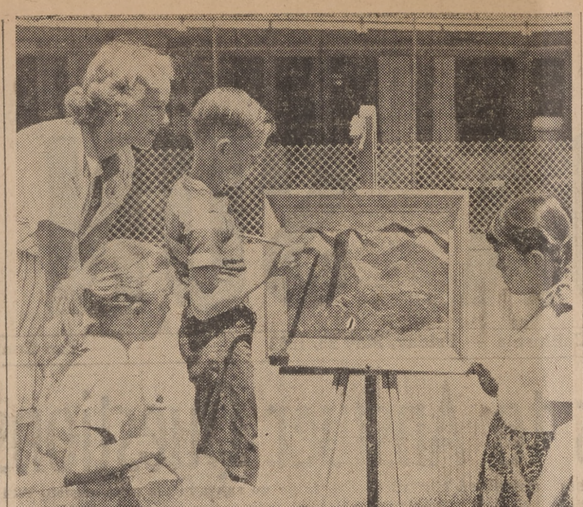

Adult Students Get Course Certificates

Students of three East Contra Costa Junior College community service courses held in Concord and Walnut Creek receive certificates of completion this month.

Janice Hageman and A. E. Ingalls of Lafayette, members of the primary and advanced insurance classes, received certificates at a dinner meeting in conjunction with the Contra Costa Association of Insurance Agents at the Adobe in Concord Monday night.

Among members of a real estate law class at Walnut Creek Grammar School receiving certificates next Tuesday night will be Oscar Mills and Rene Lingelser of Lafayette, L. E. Holton, E. M. Johnson, Neill Johnson, Joseph and Emma Muzzi, N. D. O'Neal, Lucille Simpson, L. F. Smarsh, Carol Stitler and H. T. Winn, all of Walnut Creek.

Early this month A. M. Douglass and L. E. Otto of Walnut Creek, H. B. Birkhead of Orinda and L. P. Capra of Lafayette received their certificates of completion in the class in techniques of supervisory management in business held at Walnut Creek Legion Hall.

ORINDA CHILDREN'S ART CENTER will hold its annual Exhibit Tea June 4 at the lovely home of Mrs. Maynard Buehler at 6 Great Oaks Circle. Doing a bit of "brushing up" for the occasion is Bill McGuire, while fellow art students Sue Tharp (seated) and Susan Ray (right) look on. Mrs. Jack Fraser, director of the Orinda Children's Art Center, studies the product. This picture was taken on the grounds of the Buehler home. Works of students will be displayed at the Exhibit Tea.

Children's Art Exhibit Tea Set For Buehler Home

The Maynard Buehler home at 6 Great Oaks Circle, designed by the internationally famous architect, Frank Lloyd Wright, will be the beautiful setting for the Exhibit Tea of the Orinda Children's Art Center on June 4 from 2 until 4 p.m.

Invitations are being extended to teachers of both Glorietta and Orinda Schools, to parents of the young artists and to sponsors of the group.

Mrs. Ray Devin is in charge of arrangements and is being assisted by Mrs. Julian Unruh, refreshments: Mrs. George Clifford, exhibits, and Mrs. Paul Pollazcek, decorations.

The Exhibit Tea will conclude the third year of children's art work under the able direction of Mrs. Jack Fraser.

The class has had experience with poster paint, water colors, pen and ink, charcoal, pastels and oils. Field trips have been taken during the year among which were visits to the De Young Museum and the Palace of the Legion of Honor in San Francisco.

Section 1 Meets At Randall Home

Section 1 of the Women's Guild of Orinda Community Church met May 13 at the home of Mrs. Ben Randall, 6 Valley View Drive. Assisting the hostess in the serving of luncheon dessert and coffee were Mesdames O. Ecklund, R. L. Baldwin, Lon Carroll and Ida Miller. Presiding over the meeting which followed was the chairman, Mrs. Charles Pimentel.

Roll-call by the secretary pro tem, Mrs. G. Chester Brown, showed 21 members present. Reports from officers were read. It was announced that Section 1 members would greet attendants at church on June 1, act as hostesses at the May 21 church potluck dinner and get the church hall in order again after the June 3 luncheon.

Mrs. Vera Ramsey gave the devotions.

Guest speaker was Mrs. Clara Snyder of Berkeley, who told of her visit last year to nine countries in Europe. Her trip on board a freighter by way of Panama Canal and the Atlantic was smooth, and every minute full of interest. Of the countries she visited, she probably enjoyed Germany most, for there she saw relatives and friends she had known there when a child.

Memorial Donations To Heart Fund Sought

Although the 1952 Heart Fund drive for $15,000 in Contra Costa County was only 63 per cent successful, resulting in collections of $9500, there is hope that additional contributions made on Memorial Day will swell the final sum.

Harold D. Robinson of Walnut Creek, association president, said today he believes there are many persons who will want to honor members of their families and friends by forwarding memorializing checks to the Heart Fund.

"These checks should be sent to our treasurer, Mrs. Ian Strange, P. O. Box 55, Antioch," said Dr. Robinson.

'Meet Knowland' Breakfast May 31

Senator William F. Knowland will meet with the citizens of Danville, Orinda, Walnut Creek and Lafayette at an informal breakfast Saturday, May 31, at 8:15 a.m., at the El Nido Rancho, Lafayette.

All residents of the Central Contra Costa area are invited to come to meet and greet the senator. There will be a very brief program, with a short talk by Senator Knowland, followed by a period for all in attendance personally to meet and talk with the senator.

No advance tickets are required and the breakfast will be inexpensive. Various community groups are arranging for their members to attend and bring friends.

William Freeman Home Purchased By Edgar Kaiser

The lovely 15-room home of the William B. Freemans on Reliez Station Road is being purchased by Edgar Kaiser, oldest son of industrialist Henry J. Kaiser.

A Kaiser spokesman in Oakland stated that the purchase was "in the process of going through." Edgar Kaiser intends to move into the Freeman house with his family eventually, but at present, according to the spokesman, there are no immediate plans for him to move here from Willow Run, Mich., where he is president of Kaiser-Frazer Corporation.

The Freemans nave purchased about two and a half acres of property on Happy Valley Road from W. E. Schirmer, and intend building their new home there as soon as possible. However, they plan to remain at the Reliez Station Road residence until around January 1.

The Edgar Kaisers have six children—three boys and three girls. The Freemans have five sons, but two are now students at Stanford, so, according to Mr. Freeman, the new home will be "more compact."

Leigh, 21, and Marshall, 20, are the Freeman sons at Stanford. The other Freeman boys are Timothy, 15, an Acalanes freshman; Billie, 13, in seventh grade at Lafayette School, and Douglas, 9, in fourth grade at Montecito School.

Rev. Ray Gibbons Is Guest Speaker Here on Sunday

"Christian social action applies our faith in Jesus Christ to the relationships of man to men," says the Rev. Ray Gibbons, D. D., of New York City, director of the Council of Social Action of the Congregational Christian churches, who will speak at 11 a.m. Sunday at Orinda Community Church as the special pulpit guest of the minister, Rev. Fred R. Morrow.

His subject is "Our Christian Responsiblity."

Dr. Gibbons served pastorates in Maine and Massachusetts before being called to direct the Council for Social Action in January, 1944.

He is a native of Cleveland, a graduate of Oberlin College and Union Theological Seminary and holds the degree of Master of Arts in Psychology and Religious Education from Teachers' College, Columbia University.

In the summer of 1951 Dr. and Mrs. Gibbons organized and conducted the first European Seminar sponsored by the council.

Sacto. Northern Had Early Boom Period

By GLADYS SHALLY

The Sacramento Northern Railway in its heyday earned the title of "the longest inter-urban railroad in the United States," with freight and passenger trains running from San Francisco to Chico. The oldest link in the chain of electric lines which, when joined, made up the 271 miles of track, was the Marysville and Yuba City Railway, built in 1889. Much of the northern roadbed, after 1907, was owned by the Northern Electric Railway Company, and was later (in 1918) taken over by the Sacramento Northern.

The southern part of the Sacramento Northern line, which is of present interest to Contra Costa commuters, had its start in 1909, when the Oakland and Antioch Railway was formed. By 1910 construction was completed on rails joining Bay Point (now Port Chicago) with Concord. Trains (or, rather, "trolleys") were operating to Walnut Creek by 1911, and rails were extended to Lafayette the next year. 1913 saw electric rail service clear into Oakland.

During this construction, the Oakland and Antioch Railway was reorganized in 1911 as the Oakland, Antioch and Eastern and work was started on the roadbed to connect Oakland with Sacramento. At the same time rail construction was started west from Lafayette and on the tunnel.

MANY DIFFICULTIES presented themselves in the process. In constructing the tunnel, shale rock and spring waters were big problems. Small electric trains, such as used in mines, carried out the broken rock and mud. When completed the 17-foot wooden tunnel ran 3537 feet through the mountain at an elevation of 780 feet on the redwood side to 846 feet on the Shepherd Canyon side.

During this time track-laying along Shafter Avenue in Oakland was started by the Oakland and Bayshore Railroad, but not completed until early in 1913 due to difficulties with property owners along the proposed right-of-way. In February, 1913, the tracks met those laid west from the tunnel near Temescal. The last spike uniting the two rail sections was driven amid fitting ceremonies.

HOWEVER, THESE ceremonies were nothing in comparisan to the elaborate celebration inaugurating the first electric train service between Contra Costa County with the Bay Area on April 5, 1913. Special trains from Concord, Walnut Creek and way points brought people to the ceremonies held at 40th and Shafter. A three-mile-long line of flower-decorated automobiles paraded past the station there. Bands played. San Francisco sent a special congratulatory message from its Mayor Jimmy Rolph. Speeches by local and visiting dignitaries proclaimed a new era with "hands across the hills." Prophecies of Contra Costa building booms were made — people would build in Contra Costa County and ride to their work in Oakland and San Francisco over the new train service.

What these predictors did not foresee was that this very boom would be the cause of a low level tunnel being built, and the buses and private autos which used it would toll the death bell of the passenger service over the rail line.

IN THE EARLY DAYS of passenger operation, traffic was particularly heavy on Sundays and holidays — thousands of pleasure-seekers would flock to Pinehurst Station in Redwood Canyon by special excursion trains to picnic in the O. A. & E.'s Pinehurst and Madrone Parks in the redwoods.

By September, 1913 through service to Sacramento was started, and in about 1915 connections were made with lines to Chico.

OPERATION COSTS began to exceed revenue received and in 1920 the Oakland, Antioch and Eastern was merged with the Sacramento Northern, a subsidiary of Western Pacific. Competition with other railroads near the northern end of the line and cut-rate fares slowly brought about the beginning of the end of passenger service on the Sacramento Northern. Although improvements in equipment and service were made, the number of customers patronizing the line declined; Sunday excursion trains became fewer as more families used their own transportation.

The first cut in passenger service came in 1931. Contra Costa County communities which owed their start to the railroad began demanding easier auto access to the Bay Area, and with the opening of the Broadway Low Level Tunnel in December of 1937, the number of train customers diminished still further. The railroad hung on, hoping that when train service began over the new Bay Bridge in 1939, train commuting would again become popular.

BUSINESS PICKED UP slightly when special World's Fair excursion trains were run in '39 and '40. In 1940 the Sacramento Northern bus service in Contra Costa County was discontinued, their eight buses sold and the franchise taken over by Greyhound. The dying passenger service could not be revived and finally, on June 30, 1941, the last passenger train made its run over the "most scenic railway on the Coast."

Over a roadbed that once carried a million passengers a year, today freight trains, onee or twice a day, pass the few still-standing but empty passenger stations. Now the public clamor is for relief from the heavily congested tunnel route.

Would resumption of passen. service over the historic Sacramento Northern line be the solution?

Citizens' Group Gives Answers to Key Queries on 10¼-Million Road Bond Plan

Pursuing "a telling campaign, not the usual bond selling campaign," the Citizens' Highway Committee of 100 offers a question and answer statement intended to give informative responses to the most frequently heard queries of citizens on Proposition A, the $10,250,000 county road bonds measure on the June 3 ballot.

The "telling" campaign includes these questions:

Q.—Our present road budget requires 62 cents of tax funds. Am I correct in understanding that if Proposition A is approved and $10,250,000 made available for highways improvement that the levy against taxpayers will be less than 62 cents?

A.—Yes. The Board of Supervisors gives assurance that if Proposition A is approved June 3, this 62 cents figure can be reduced 2 to 10 cents. That means next year's road budget figure will certainly be 60 cents and it may be 52 cents. And, we get the highway improvements.

Q.—How can we spend $10,250,000 and still cut the tax levy for road purposes?

A.—That is due to long term financing. 25 year bonds will be issued. That extends the cost to people even 25 years away. It's like buying a home. The longer the period of financing in terms of years, the smaller the payments.

Q.—There is a first year interest and redemption charge on the bonds of 20 cents. Is that 20 cents on top of any tax levy that may be made for maintenance purposes to add to the bond highway modernization money?

A.—Definitely not. The 20 cents first year bond tax is included. There will be a clear 2 to 10 cents reduction in the road budget. We get the roads and we get them at less cost, due to the long term financing. The supervisors have said the saving on the road budget may be more than 10 cents.

Q.—What factor gauges the possibility of an even greater reduction than 10 cents?

A.—That lies in two elements. One is the amount of increased valuation in the county. The other is the amount of allocated gasoline tax funds. Neither can be determined in advance.

Q.—Does all property benefit by this program?

A.—Yes. Both city and country taxpayers profit. And, there is certainly profit in saved car repair bills, ease of transport, elimination of congestion and hazards and modernization of 78 miles of key highway.

Q.—Will roads other than these most important 78 miles be benefited?

A.—Yes. And, that is because the heavy maintenance cost on these 78 miles is eliminated. It is the highest of all roads. These funds and other amounts in maintenance will permit side roads, access roads and highway entrances to be given more attention than in the past.

Q.—How about specifications?

A.—Higher standard specifications will be required.

Q.—How long will it take to execute this program under the bond plan?

A.—Three or four years.

Q.—Is there any other method of financing? If so, what is it?

A.—Yes ,there is. It is by direct tax, but that would be a hard way. That would require a tax of 75 cents to $1 annually for five or six years. Any lesser number of years would impose a completely prohibitive tax. Five or six years would be required to get the same amount of funds the bond plan makes available on call.

Q.—That then means that if voters do not accept the bond plan they will force a direct tax plan to achieve a necessary job. It also means that instead of 2 to 10 cents tax cut on the road budget we would get a minimum tax increase of 13 cents for five or six years. Is that correct?

A.—Correct. The bond plan is an easy method. The direct tax plan is a hard method. And, it takes longer to get the roads.

Q.—Then the whole story sums to this: Under the bond plan we get the improved roads with both city and country taxpayers profiting with a 2 to 10 cents reduction in the road budget levy. Under the direct tax plan we would get a minimum of a 13 cents tax increase on the road budget and it would take a couple of years longer to get the roads.

A.—Yes. You have summed up the whole story in a nutshell. There's just one more factor. Maintenance is now at the waste stage. We patch and patch and get nowhere. So, the bond way is an easy way and a saving way. This bond proposal is a real break from any consideration.

Television Site At Grizzly Peak

Grizzly Peak will be the site of KROW television tower if that station's application is accepted by the Federal Communication Commission, Alan Torbet, general manager of the station, said recently.

Torbet added, however, that he doesn't believe more television stations are likely to be approved in the Bay Area for some time. His reasoning was that the FCC would probably approve applications in other cities not now serviced by television.

These areas include such large cities as Portland, Oregon, and Denver, Colorado.

Station KROW owns the land on Grizzly Peak which it purchased in 1948, Torbet stated. If and when KROW is awarded the right to televise, that will be the site of the tower, he added.

Happy Birthday to You

ALLEN HOWARD

Allen Howard celebrated his sixth birthday April 29 with an after-school party in his patio at home. Enjoying the gaily balloon-bright table and refreshments with Allen were Walter Rudrick, Stephen Thaimen, Gail Heywood, Dana Miller, David Miller, Charles Brock, Jay Gordon Ainsworth, Leslie Clune and Allen's brother, Roger.

Pioneer Woman Story Tonight By Mrs. Whealen

Orindans will have an opportunity to see American history unfold before them in a delightful form when Mrs. Edgar Whealen, gifted Bay Area dramatic artist and concert pianist, offers her portrayal of Jessie Benton Fremont in her monordrama, "The Senator's Daughter," tonight at 8 in the Orinda School auditorium.

Out of a deep admiration for the pioneer woman, Mrs. Whealen has contrived a distinguished presentation which vividly reenacts scenes from the life of Mrs. Fremont in her early days as the daughter of Thomas Hart Benton, who was for 30 years senator from Missouri, and, later, as the wife of John C. Fremont, trail blazer and map maker of the vast mysterious West.

SPONSORED by the Women's Auxiliary as a benefit performance for St. Stephen's Episcopal Church, "The Senator's Daughter" will carry the audience into the chaotic Old West, when human ingenuity was sorely tested in the tribulations and significent challenge presented by the area at that time.

Mrs. William Maddock is general chairman for the event, with Mrs. Charles Gibbs and Mrs. Kennth Renwick in charge of properties.

Ticket chairman is Mrs. Kenneth Detling, her captains being Mesdames Thomas Reese, R. A. Fayram, James A. Brown and William C. Hagens.

Mrs. M. E. Spaght, hospitality chairman, will serve refreshments after the performance, assisted by Mesdames Arthur B. Johnson, Lloyd Harris, A. R. Snoble, John Bartlett, Harold Doane and Eugene Pillsbury.

The reception committee which will welcome guests consists of Mr. and Mrs. Thomas N. St. Hill, Mr. and Mrs. Walter E. Christie and Mr. and Mrs. William Shipley. Usherettes will be girls of the Young People's Fellowship.

Announce Final Bridge Meetings

Final meetings of the three bridge sections of the Orinda Mothers Club for the school year were announced this week by Doris Moylan, chairman of the bridge sections.

The Thursday morning group will play bridge on June 5 at the home of Louise Greathouse, 50 Acacia Drive.

Players in the Friday morning section will meet for bridge on June 6 at the home of Ruth Gilwee, 41 La Cuesta.

Friday afternoon bridge players mill meet at the home of Shirley Jones, 1 Loma Vista, on June 6.

Gamma Phi Beta Group Has Meeting

Gamma Phi Beta alumnae of Contra Costa County met recently at the home of Mrs. Howard Grovelle on Meadow View Road in Orinda.

In line with the sorority's national policy, the group decided to provide a campship this coming summer for a deserving child in this area who otherwise could not attend a camp.

Mrs. Donald E. Kientz, president, will represent local alumnae at the annual Gamma Phi Beta convention, to be held this year at the Hotel Del Coronado in Coronado starting June 23.

Mrs. Hughes Honors Friend at Shower

Mrs. Charles Sumner Hughes was hostess at a linen shower recently at her Orinda home in honor of Marjorie Rose Towler of Oakland.

Miss Towler will be married to Dauglas Clark Witt of Oakland June 14.

Sun Has Grass Fire In Own Back Yard

Lafayette Sun made fire news in its own back yard this past week.

Saturday afternoon a paper blew out of an uncovered incinerator in back of the Sun office on Orchard Road, catching fire to dry grass. The Lafayette Fire Department saw smoke from the station and drove over to investigate. The fire was quickly extinguished.

Joan Jacobus Announces Engagement

Joan Jacobus, daughter of Mr. and Mrs. Melvin St. Clair Jacobus of 275 Orinda Highway, announced her engagement to Pierre Francois Pellissier of Whittier at the Gamma Phi Beta house at the University of California Monday evening.

Joan will receive her degree in June. Soon after, she will go on a "Eur-Cal" tour of Europe with a group of university students. The group will return to the States in September but Joan plans a trip to Scandinavia and to the home of her late great grandfather at Hjertaas, Norway. She will return to Orinda in October, when wedding plans will be made.

THE FUTURE BRIDE attended Annie Wright Seminary in Tacoma and was graduated from Acalanes High School. She is a member of Linden Branch of Children's Hospital.

Joan is the granddaughter of the late Rev. and Mrs. Hans Hjertaas and the late Mr. and Mrs. Delos Jacobus, all of Tacoma. Her uncle, Dr. Lawrence Stavig, is president of Augustana College in South Dakota and a cousin, Dr. Paul Stavig, is now at Letterman Hospital in San Francisco. Another uncle is J. J. Jacobus of San Francisco. Her brother, Jim, was champion diver at Acalanes High School and is now on sick leave from the University of California. He is a pledge of Sigma Phi, his father's fraternity.

THE PROSPECTIVE groom is a junior at the University of California where he is a member of Phi Kappa Psi fraternity. He is the son of Mr. and Mrs. Leon Pellissier of Whittier and the grandson of the Frank Pellissiers, also of Whittier.

The Jacobus' were planning an announcement party at Sol-Brae, their Orinda home, but Joan surprised them with the anouncement Monday night by passing the traditional box of chocolates at her sorority house.

Pierre announced the engagement on the same night to members of his fraternity.

Music, Moon – Ah, Orinda Roundup

Maurice Anger's orchestra, a full moon and an outdoor dance floor are the exciting ingredients to be blended in "Orinda Roundup's" June 7 Saturday night program, it was anounced this week by Joe Sheaff, entertainment chairman for the June 7 - 8 celebration at St. Mary's College.

A favorite of Bay Area dancers, the Anger orchestra will play from 9 p.m. to 1 a.m. in the beautiful campus setting, with Coburn's "Suburban Swingers" providing intermission interest.

THE SATURDAY night dance will climax opening-day activities including the noon ribbon-cutting ceremony, selection of "Master and Miss Roundup" from youngsters attending in Western regalia and crowning of Sherrill Fitch as queen of the two-day festival.

Carnival attractions, swimming, booths, hole-in-one contest and appearances by local folk dance and musical groups will provide entertainment for all ages.

ITALIAN AND SPANISH dinners will augument the always-important hot dog, according to Mrs. Dean Lippi, chairman of women's activities.

So, for fun, food and dancing under the stars, plan to spend Saturday night, June 7, at Orinda Roundup. Dance price? One dollar per couple, 75 cents stag. See you there!

Mrs. McGuire Gives Luncheon Honoring Mrs. John Bannister

Mrs. William McGuire of McGuire Drive, Walnut Creek, entertained on May 14 with a luncheon honoring her sister-in-law, Mrs. John Bannister of Camino Don Miguel, Orinda, who is moving to Detroit. Bannister is taking over a new, big job in that city.

Mrs. Bannister being an ardent golfer and tournament chairman at Orinda Country Club, the local women golfers were well represented, and decor was in keeping. Party plans were entrusted to Emily Pacini and Harriet Dinwiddie Leach of Party Art and Flower Craft in Lafayette. Punch was ladled out under the 19th hole pennant, the buffet table's centerpiece "Good Luck, Peg" inscribed on a mammoth golf ball set on tee, guests were tagged with tiny beflowered pennants. Luncheon was served at tables around the pool.

Guests included Mrs. Bannister's friends from all over the Bay Area. From Contra Costa were the Mesdames Thomas Bacon, John Bohn, William Clapp, Henry Donovan, Roland Douglass, Herman Eickmeyer, Fred Federighi, Vad Jelton, John Noble, Harry Oliphant, Rudy Rassmussen, Aubrey Sweet, Edward Wanous, Ferris Fain, Ned Harbert and R. F. Hopkins.

Simon Family Likes Chickens, Fishing, Art–Also Hardware . . .

Rawlings "Tiny" Simon of Simon's Village Hardware at 61 Orinda Highway says his hobby is "raising chickens." The hardware store owner likes to fish, too.

Originally from Atlanta, Ga., Simon had a hardware store in Emeryville for 12 years before taking over his Orinda store three years ago.

The "local nut and bolt emporium," as Simon calls it, supplies all items in the hardware line, paint and — well, just about everything — charcoal for barbecues included.

Simon and his wife, Mildred, have two boys, Philip, 5, and John, 3.

The Simon family has lived in Happy Valley, Lafayette, on Los Arabis Drive, for five or six years. Mrs. Simon is an enthusiastic artict.

Jelton Sues Crew Members

Vad Jelton of Lower Happy Valley Road has sued four crew members for $3709 in Federal District Court in San Francisco, charging them with desertion of his yacht in Honolulu after the Lon Angeles-Honolulu race last year.

Jelton charges that the four men made a verbal contract to sail the 47-foot ketch, Minerva, in the July race and to return the ship to San Francisco.

He alleged that on August 3, the day they were to return, the four men "jumped ship," claiming that the Minerva was not seaworthy.

Without a crew, Jelton said he had to ship the yacht back to San Francisco by steamer, which cost him $3709. He is seeking to recover the cost of shipping.

Jelton told a reporter he also brought suit in the interest of protecting other yacht owners from desertions, which either force the owner to recruit a new crew, sell the vessel at a loss or ship it back to the U. S. by freighter.

Jelton's crew members had previously filed suit against him to recover $184 each, the price of their passage home. The suit was filed in Oakland Municipal Court October 19, 1951.

They claim that when the Minerva started back from the Islands she became unseaworthy and returned to Honolulu for repairs.

Mrs. Dan Sheldon's Fan Mail Picks Up

Mrs. Dan Sheldon of 42 Los Altos Road reports her "fan mail" is picking up at Livermore Sanitarium. She received 13 letters one day recently.

Mrs. Sheldon, ill with pneumonia, has been confined to her bed several weeks.

HOUSE TOUR of four lovely Orinda homes — all in Sleepy Hollow — is the benefit program on tap for next Tuesday by the Orinda Branch of the Children's Hospital of the East Bay. In the living room of one of the homes, that of the Walter N. Boysens, these four branch members are dividing a supply of tickets-to-be-sold for the event. Left to right, they are Mesdames Jack Carlson, Ernest Kahey Jr., Vad Jelton and Stephen Jensen.

Home is where you hang your clothes and where you eat — and where you buy clothing, food and other items.

Benefit Tour Tuesday Will Wind Through 4 Sleepy Hollow Homes

Orinda Branch of the Children's Hospital of the East Bay will sponsor a benefit house tour of four homes in Sleepy Hollow Tuesday from 10 a.m. to 4 p.m.

Included on the tour are the homes of the Frank Nobles at 6 Crane Court, the Frank M. Houses at 4 Ridge Lane, the Walter N. Boysens at 33 Lombardy Lane and the Joseph M. Longs at 10 Lombardy Lane.

Tickets may be purchased from branch members or from Mrs. Emmett Kilpatrick, ANdover 10245.

Branch members will take groups of friends to Orinda Country Club for lunch. Luncheon reservations must be made not later than tomorrow.

THE NOBLE HOME, built in a traditional-formal style, is noted for its spacious outdoor feeling. Situated on a slope beside an iris-filled bowl-like ravine, the house is approached by curving walk and steps through a front patio.

Carefully chosen furnishings collected over a period of years by Mrs. Noble include her notable collection of old ironstone china, many pieces of which will be on display.

THE RESIDENCE of Mr. and Mrs. House offers a breath-taking view of the surrounding valley. It is especially planned to take full advantage of the commanding site.

THE FRENCH PROVINCIAL manor house of the Boysens was completed in August of last year. This home was carefully designed to meet the requirements of the Boysens and their two daughters, Lolita and Joanne. The house contains many interesting details, things Mrs. Boysen has assembled and which have been carefully incorporated into the interior decoration.

Included are a handsome mirror more than 100 years old which came from the "Flea Market" in Paris, also an old hand-carved Swiss wall bracket which once hung in the famous Crystal Bar at Virginia City. The comfortable pine-paneled "family room" also contains many souvenirs of enjoyable vacations, including a covered papoose basket which hangs on one wall.

THE HOME OF Mr. and Mrs. Joseph M. Long has a unique pavilion and bath house finished with murals done by French artists. Here, light refreshments will be served to guests on the house tour.

Job's Daughters 'Day' Sunday at Methodist Church

Job's Daughters will have their "Go to Church Sunday," at the Lafayette Community Methodist Church this Sunday.

The girls will come in a group, and will have their own processional, singing "Open the Gates of the Temple" and the "Queen" will read the scripture. At the close of the service the girls will form the cross and sing "Nearer My God to Thee!"

This special program will take place at the 11 a. m. service, so Bishop George A. Miller and Rev. Harry E. Shaner ask all others who can to attend the 8 a.m. service.

The sermon will deal with the problem of evil. The Book of Job will be used for background.

Contract for New Filter Plant

William D. McNevin, East Bay Municipal Utility District director, announces award of a contract for the purchase of two chlorinators, recording scales and special piping for the new Lafayette Filter Plant now under construction one mile west of Lafayette.

The contract, totaling $11,464, was awarded to the Wallace and Tiernan Sales Corporation of San Francisco.

The new Lafayette Filter Plant will have a capacity of more than 20 million gallons per day, as compared with the four million gallon capacity of the Grant Miller Filter Plant, which, because of the continuing growth in this area east of the Bay hills, has become inadequate to meet future needs.

It is expected that this new water purification facility will be ready for use in the spring of 1953.

Job's Daughters Will Get Charter

Job's Daughters, Bethel Under Dispensation, of Lafayette will receive its charter and number at the next meeting, Wednesday, May 28, 7:30 p.m. at Veterans Memorial Building.

This long-awaited event comes after six meetings, which were all completed to the satisfaction of the Grand Guardian of the state of California. The girls will also hold their first semi-annual election of officers for the ensuing term.

Sunday is the semi-annual "Go to Church Sunday," to be held at Lafayette Community Methodist Church. All officers and choir members must be present in their robes. Parents and other members are invited to attend.

After the church service, a picnic will be held at Castle Rock Park. If any of the girls need transportation to the picnic, contact Edna Burnett.

Ted Hall Awarded Silver Star Posthumously

Mr. and Mrs. Theodore E. Hall of Moraga Road have been notified by the Department of the Army, Office of the Adjutant General in Washington, D. C., that their son, Ted, has been awarded the Silver Star posthumously.

Ted, 20, was killed in action in Korea in December, 1951, while serving as communications man in the Heartbreak Ridge area. He had passed tests and interviews for entrance to Officers' Candidate School and was to have been sent back for training.

The communication read: "I have the honor to inform you that, by direction of the President, the Silver Star has been awarded posthumously to your son, the late Private First Class Theodore K. Hall, Infantry, for gallantry in action on 26, October 1951, near Sangok-tong, Korea.

"The engraved medal with pertinent correspondence will be forwarded to the Commanding General, Sixth Army, Presidio of San Francisco, California, for presentation to you with appropriate ceremony. The officer selected to present the decoration will communicate direct with you and arrange the ceremony in accordance with your wishes and convenience."

Hall was a 1949 graduate of Acalanes High School, where he was a star basketball player.

Missionary Nurse at Church Women's Meet

Helen Peterson, R.N., missionary designate to Ecuador, was guest of honor and special speaker at the Lafayette Covenant Church Women's Fellowship meeting at the Morris Bergesen home on North Peardale Tuesday night. Mrs. Bergesen was hostess of the evening.

Federalists Hold Discussion Meet

Another in a series of informal discussion meetings sponsored by Acalanes Chapter, United World Federalists, was held recently at the Orinda home of the Warren Yagers. The meeting was attended by some 14 guests, Ray Bacon, Northern California vice-president of U.W.F., was discussion leader.

Among those present were Mr. and Mrs. James Irwin of Orinda and Mr. and Mrs. Joseph Wilson of Lafayette.

Bacon told the group that the federal budget could not be balanced until a lid is put on war. "War is the common enemy of all nations today," he said.

Mrs. Musser's Father Dies

Mrs. E. O. Musser of Canyon received a telephone call last week that her father, John D. Johnston of Waterloo, Iowa, had died at his home. He had a heart ailment for several years and it was believed his death was due to complications.

Mr. and Mrs. Johnston spent the winter of 1950 in Canyon, at which time they made many friends. They were planning a visit to Canyon last winter but because of Mr. Johnstonss illness, were unable to make the trip.

Johnston, 79, was a farmer in Iowa. Mrs. Musser was unable to attend the funeral, held May 15 in Waterloo, due to the petroleum industry and bus strikes.

Orinda Little Symphony Now One Year Old

It is just a little more than a year since the Orinda Little Symphony was organized to provide artistic recreation for music lovers of the Berkeley-Orinda area. Daniel Popovich's baton keeps the group playing together in time, and his encouragement brings out the best in each section.

The orchestra is most fortunate in having as pianist Mr. T. J. Fahay, who is always at rehearsals and keeps the pieces from sounding thin even when several members are absent for some absurdia reason or other. Although comparative newcomers to Orinda, having been in Spokane before coming here, the Fahays have already won a large circle of friends.

Their daughter is one of the flutists in the orchestra and also plays the piano for the Community Church Sunday School.

On May 7 the orchestra played works by Mozart, Brahms and Stojowski, and finished rehearsal with Richard Maxfield conducting as much as he has written of his new composition for the Orinda Little Symphony.

Donald Kittredge Serves in Korea

Airman Second Class Donald E. Kittredge of Lafayette is serving as an electronic equipment operator with a unit of the 502 nd Tatical Control Group in Korea.

After graduating from Acalanes High School, Kittredeg entered the Air Force in September, 1950. Prior to his overseas assignment he was stationed at Pope Air Force Base, N. C.

His parents, Mr. and Mrs. Ernest E. Kittredge, reside at 47 Brook Street.

Dr. Bennett Head Of Psychiatrists

Dr. A. E. Bennett of Lower Happy Valley was elected president of the Society of Biological Psychiatry at an annual meeting held in Atlantic City, N. J., last week.

Dr. Bennett is chief of the Department of Neuropsychiatry at Herrick Memorial Hospital in Berkeley and associate clinical professor of Psychiatry at Langley Porter Clinic at the University of California Medical Center in San Francisco.

Mel Nielsen Is Rotary Delegate

Mr. and Mrs. Mel Nielsen left Wednesday for Mexico City, where Nielsen will represent Lafayette Rotary Club at Rotary International.

The five-day session begins Sunday. More than 7500 Rotary Clubs in 83 countries will be represented at the 43rd annual convention.

The Nielsens drove to Tijuana, and were to take a plane from there to Mexico City. They plan to be gone two weeks.

How to make good telephone service even better....

it's easy to be a good telephone neighbor, too
If yours is a party-line, it's easy to be a neighborly telephone user. Just keep these simple points in mind when you make telephone calls: When you have a series of calls to make, allow a few minutes between them • Make sure the line is clear before you call • Replace the receiver properly in its cradle after calling. These suggestions will mean still better party-line service for you, too. For if you make them a habit, you'll find that they give people a better chance to call you.
emergency calls may arise while you are using your party-line. If a telephone neighbor breaks in and explains the emergency, it's always thoughtful to hang up and complete your call later.

About our happy Country Folks

By EDITH BOLMAN

OUR PARTNER IN CRIME AND CO-SCRIBBLER, Pat Jelton, who writes the Children's Hospital column for the Lafayette Sun, recently let out a few cogent facts about the Korean G. I.'s at Stoneman Hospital with very fine and remunerative results. Even though we try not to transgress onto Lafayette territory, we thought you should hear about this one.

It is just like you have always suspected: every man has a sneaking suspicion that, given an opportunity, he would be a subtle yet exotic cook. The chefs and staff at Stoneman Hospital understood this complex facet of the male personality and so, upon occasion, turned the G. I.'s loose in the kitchen. We are not sure what happened as a result of that, but somebody got wind of the activities and sent them a bale or so of prepared cake mix, and the boys have been turning out, right and left, ever since, cakes that are better than Mother used to make.

Now when Lafayette Patsey wrote this story in her column someone sent in a check out of goodness of heart to buy several more bales of cake mix and the G. I. boys were ecstatic because, after all, there was nothing like this in Korea.

Now it seems that some of the boys have souls filled with music and no way to cut loose with it for the benefit of the other boys because there is no available, moveable piano. What they would like to have is a small portable piano so they could trundle it around from bed to bed so that some of the more seriously hurt boys can have a little tune while they munch their cake.

Do you have a piano you would like to give these boys — do you have a few dollars you would like to throw into the kitty so that a piano could be bought, or would you rather go to Korea yourself and fight a few battles, or would you just rather forget about the whole thing and pretend it isn't happening

Mrs. Summer McAllister, at Lafayette 4630, is head of the "We-need-a-piano" department, so if you have any thoughts on the subject, substantial or otherwise, please contact her.

THE DON LAWRIES, who recently (many months ago is our idea of recently) moved into their new home overlooking the eighth tee (what a prime spot from which to study the effects of a hot dog sandwich on a cold iron shot), entertained at dinner the other evening for brother and sister-in-law Mr. and Mrs. Don Zimmerman, who were celebrating a birthday and a move to Seattle.

Have you seen any elephants bumping around lately? Obviously we are not referring to the svelte Orinda housewife.

Let us put it another way. Have you seen any bumpers lately with elephants on them? Well, if you haven't, you had better dust off your bifocals because every place we look we see cars with bumper signs bearing the name of a very important elephant who is running for Congress — a Mr. Baldwin — which reminds us, for heaven's sake, have you registered?

INASMUCH AS WE FANCY OURSELVES to be a news columnist these days, we have developed a very protective feeling about the freedom of the press. Now, for instance, awhile back when we told you about falling into the ditch, we were quite free to tell you that it was a lousy, unlovely ditch and we were in no wise required to say that the delightful ditch did not offend us in the slightest — that we had gotten in its way instead of, as was actually the case, that the ditch had deliberately jumped under our car.

Well, if you have the same attitude, be sure to study the Bricker amendment before the election. It appears that internationally there is a possibility that complete and unlimited freedom of our press might be inhibited, and we wouldn't want that to happen, so, Orinda women, study it well.

SPEAKING OF BIFOCALS, we almost had our own rechecked when we were riding up Miner Road the other day. Just before we reached that picturesque little Catholic church, what did we see but a real live horse with a straw hat on his head, rakishly enhanced with a red, red rose and a pair of blue jeans on his two front legs.

When we pulled up on his port side we made an even more bewildering discovery — it really was a live horse with a hat, a red, red rose and a pair of blue jeans!

Orinda Roundup, evidently, but shouldn't the more skittery inhabitants of the area been forewarned?

MORE GADABOUTS home again. Mrs. W. J. Fields and daughter Janet Lou, the Art Becketts and the Fred Federighis back from Palm Springs.

The Fields galavanted to Los Angeles and Palm Springs with the top down on the car, spent most of their time in swimming pools — even ate breakfast by the pool and came home with a good tan.

MRS. KENDRIC MORRISH, Mrs. Beach Dean, Mrs. Stephan Jensen and Mrs. James Freeman wrestled with the Berkeley parking problem recently in order to attend the Alpha Delta Phi Mother's Club buffet luncheon. Mrs. Ann Gilbraith Barney, one of the "dozen" which was "cheaper by the" gave a most humorous and stimulating talk, and Mrs. Bolman of the "Happy Country Folk" ditty was mightily annoyed that she was unable to attend.

"Elegant," is a word which has been misunderstood and misappropriated on entirely too many occasions. Such as "Gee Whiz, dearie, ain't you elegant in that hat!" As a matter of fact Emily Post has warned against the ill-advised use of the word on account of the word is so often used ill-advisedly. We, of course, are going to set the whole thing right, single handedly, because we have the perfect use for the word as it was meant to be.

Mr. Webster says "Elegant — marked by refinement, grace or symmetry — possessing a fine sense of beauty or fitness" — and that, boys and girls, makes the gardens of Mr. and Mrs. Joseph Long in Sleepy Hollow — Elegant. On the House and Garden Tour sponsored by the Orinda Branch of the Children's Hospital refreshments are to be served there, so that after going through the lovely homes of Mr. and Mrs. Frank House, Mr. and Mrs. Walter Boysen and Mr. and Mrs. Mark Noble, you can settle down for punch and cookies and gaze on one of the most beautiful estates you have ever seen.

The tour is set for next Tuesday.

The gardens have been planned as an effective background for the New Orleans type house and the tiny pavilion by the pool is a dramatically charming spot with its mansard roof, black flagstone flooring and murals done by a French artist with humor and gaiety. If we were a bachelor girl we can think of nothing that could possibly be any more fun that to just move the Joseph Longs out of it and us into it. Idea, of course, definitely not acceptable to the Longs, and our family would be hard put to do their own cooking — but anyway, be sure to appreciate its small scale beauty.

The pool is magnificent, the white wrought iron furniture right in keeping with the wrought iron on the house. The large circular driveway in front of the house is something envied by every Orindan who is quite accustomed to parking with two wheels off the edge of a cliff and the other two in a mudhole.

Well, you are in for a treat — that is, if you don't dilly-dally around and forget to get your tickets before it is too late. Vital statistics: Tickets are $1.50 each — phone Mrs. Robert K. Smith at Orinda 8268 a good few days before Tuesday, May 27. All the homes are in Sleepy Hollow and you can see them any time between 10 a.m. and 4 p.m., so that no matter what grade your children are in you can beat the school bus home.

Also, on the back of each ticket there is a map so that you won't inadvertantly land at the home of someone who will certainly be charmed to see you but most certainly not expecting you on that of all days — as a matter of fact, you couldn't get in anyway because, of course, everyone of them will be on the Tour!

Several of the Elegant members of the Orinda Branch will be stationed at each home as a sort of female policing service but there is definitely no extra charge for this added impediment — so go along, have a thrilling time of it and we will be looking forward to seeing you there.

400 Membership Of Our Savior's

Additon of 36 new members last Sunday has brought the total membership of Our Savior's Lutheran Church in Lafayette to 400 persons. New members received last Sunday were:

Mr .and Mrs. Arthur Babcock, Donald, Diane and Alan; Jane Colin; Mr. and Mrs. Earl T. Essee, Ted, Jacqueline and Donald; Joan, Ann and Marcia Evans; Mr. and Mrs. Louis Felton, Billy and Sherryl; Mrs. Thomas Humphrey, Thomas and Anita; Mr. and Mrs. Leo Mattes; Mrs. Edmond R. Schneider, Mary Louise and Peter; Mr. and Mrs. George Sondag, Robert and Barbara, and Mr. and Mrs. Eric Tengstedt, Eric Jr., Virginia, Kenneth and Steven.

This Sunday, at both the 8 and 11 a.m. services, Pastor Luther Berven will speak on the sermon topic, "Are You Confessing Christ or Denying Him?" He will use as his text, Luke 12:8-9: "And I tell you everyone who acknowledges me (Jesus) before men, the Son of man also will acknowledge before the angels of God; but he who denies me before men will be denied before the angels of God."

The Family Service and Sunday School hour is at 9:30 a.m. At this time there are classes for all ages, including an adult Bible class taught by Pastor Berven.

'No Gobbling of Canyon—Bought 4 Parcels'—EBMUD

nI an effort to allay persistetnt rumors and fears of Canyon residents that East Bay Municipal Utility District is plotting to "gobble up" property in the area via purchase, condemnation or otherwise, the E.B.M.U.D. this week reiterated that its policy is merely to acquire land when offered for sale, in order to protect its watershed area draining into the Upper San Leandro Reservoir.

This policy, it was emphasized, is long-standing, and is the same as that in effect in the Lafayette and Orinda area, E.B.M.U.D. watershed lands are withheld from public markets to avoid pollution until adequate sewerage is installed.

Public announcement of the E.B.M.U.D. policy in Canyon was made several weeks ago. Reaffirmation came this week from Joseph A. Duner, acting general manager of the utility district.

DUNER DISCLOSED that since January 1 only four parcels in the Canyon area have been purchased by E.B.M.U.D. One is a lot about 50 by 100 feet, another is a quarter-acre piece, a third is a half-acre parcel and the other is five acres. A couple are along Redwood Road, and a couple are off the road, he said.

"We have five or six other transactions in the process of negotiation," Duner continued. "We are interested in acquiring property in Canyon when it becomes available for sale, but we are not 'clubbing' anyone."

DUNER EXPLAINED, as did E.B.M.U.D. officials several weeks ago, that inadequate sewerage has caused the Redwood Canyon area to be a constant cource of pollution of the water supply. Flow from septic tank has gone into the reservoirs, and extra treatment of reservoir water has been required.

Duner declared that the E.B.M.U.D. policy which was announced the latter part of March still held true in ever respect. That statement included:

"WE HAVE NEVER made any aggressive campaign to acquire the properties and have no plans under consideration for any condemnation."

"We have told property owners that if their land is ever to be put up for sale, we would like an opportunity to buy at current market value. We aren't ringing any doorbells to buy."

Duner concluded by pointing out that E.B.M.U.D. negotiates for Canyon property when "For Sale" signs have been put up or when property owners approach the utility district.

Nursery School Dance Is Success

As ordered, it was a warm, balmy evening at Diablo Country Club last Saturday night where the Orinda Nursery School Association held its annual spring dinner dance.

It was a good party, too. A lot of mothers were appropriately dressed in snappy, gay cottons, which gave a look of spring elegance to the dance floor. Dinner was delicious, and the crowd enjoyed dancing to Gordon Heche's orchestra.

ON HAND WERE the Dikey MacKays from Walnut Creek. Some of the Lafayette contingent included the George Rices, the Edward Pikes and the Stanley Johnsons. Couples even came from town. The Alden Petersons represented Oakland while Gloria Griggs and Gordon Spears represented Alameda. Nancy and Bill Shaw came out from Menlo Park.

Of course, the James Seamans from Orinda were present. (She is the Nursery School president.) Other Orindans were the Donald Richards, Ned de Laveagas, Elwood Wrights, Cecil Cuttings, Julian Unruhs, Robert Kleyn-Schoorels, William Pattersons, Richard Laneys, Henry Harrises, Willard Millers, Channing Kilburns, Lawton Shurtleffs, Miles Sutliffes, Stanley Allens and Joseph Dirickxes. Incidentally, Fran Dirickx won the prize for selling the most dance tickets.

THE PARTY OFFICIALLY ended at 1 a.m. but there were quite a few die-hards who were having too good a time to go. Some of them were spotted singing and still having fun after 2 a.m.

And so another successful dance is chalked up to the Nursery School. The proceeds will go into their building fund for a new nursery school for children from the Moraga side of Orinda and from Lafayette.

Arthur Iretons Have Granddaughter

A cablegram arrived this past week at the home of Mr. and Mrs. Arthur Ireton of Mt. Diablo Boulevard announcing the arrival of a granddaughter in their family.

The little girl, born May 15 in Honolulu, is the daughter of Mr. and Mrs. Bernard Gertz, former residents of Lafayette. The Gertzes returned to their home in the Hawaiian Islands last January after being associated with Mrs. Gertz' parents, the Arthur Iretons, at the Ben Franklin store here for a year.

The new member of the Gertz family, who weighed 11 and a half pounds upon arrival, is being joyfully welcomed by a big brother, Bobbie, age 3.

Berkeley Couple Announce They Plan September Wedding

Of local interest is the recent announcement of the engagement of Carol Lawton and Maurice E. Gibson Jr., both of Berkeley.

Cousins of the bride-elect are Mrs. William Love (Marjorie Peet) of Lafayette and Mrs. G. Willard Miller Jr., Lawton and Eugene Shurtleff of Orinda. Maurice is the brother of Mrs. William E. Biggerstaff of Orinda.

A September wedding is planned.

Your Garden

Correct Planting of Vegetables Means Tasty, Healthful Eating at Your Table

By BERT WRIGHT

VEGETABLES have a definite preference as to spacing and depth of planting. Many of my gardener friends sow too much seed and place it too deep.

For handy reference, this table indicates for a number of vegetables the number of seeds required for one foot of row and the best depth (in inches) for planting.

	DEPTH	SEEDS
Pole beans	1¼	4
String beans	1½	5
Beets	¾	6
Carrots	½	20
Chard	¾	4
Corn	1½	2
Lettuce	½	10
Radishes	½	15
Squash	1	10

THE PLANTING depths recommended are for good, loamy, garden soils. If your soil is heavier, that is, if it contains more clay, the seed should be sown somewhat shallower than indicated. On the very light, sandy soils, they should be sown deeper.

In general, seeds should be sown only deep enough to insure that they lie in soil that is moist and are covered deep enough that they will not be splashed out by an ordinary rain.

BEFORE PREPARING the seed bed, broadcast complete plant food at the rate of three pounds per 100 square feet, then work this in by spading, hoeing and raking until the soil presents a fine, smooth, clod-free surface.

In making rows about one-fourth to one-half inch deep for planting small seeds, the end of a handle of a rake or hoe may be drawn through the soil along the string that marks the row. For larger seeds that are to be planted an inch or more deep, the row is best opened up with the corner of a common hoe.

With a little practice, you can make a trench of uniform and proper depth. Irregular depth or covering often causes an irregular stand of plants. Carefully cover the seeds, firming but not packing the soil with a rake or hoe.

IF YOUR SOIL tends to pack down or form a crust that may interfere with the seedlings coming through, you should mulch the covered row lightly with peat moss, leaf mold or similar fine moisture holding material. A band of this three to four inches wide and a half inch deep is sufficient.

Remember that thinning is very important in obtaining high quality vegetables. Beets should be thinned to three inches apart, carrots to two inches, onions three inches, and radishes one inch. These distances will allow plenty of room in the soil for root crops to develop into good sized, tasty vegetables that you can be proud of.

Will Open Bids On Culvert, Road Projects Tuesday

Two separate sets of sealed bids for Lafayette projects will be opened by the County Board of Supervisors Tuesday, starting at 3 p. m.

One project is construction of a reinforced concrete box culvert in Lafayette Creek, on First Street between Golden Gate Way and Moraga Boulevard.

The other is reconstruction of portions of 12 Lafayette roads. The roads and the number of lineal feet to be reconstructed on each are:

Brown Avenue, 1056 lineal feet; First Street, 1227; Bickerstaff Street, 1144; Crescent Drive, 630; Hawthorn Drive, 2516; Ridge Road, 1325; Diablo Drive, 500; Yorkshire Court, 220; Oak View Circle, 302; Beechwood Court, 280 Solana Drive, 3340; Hamlin Road, 1630.

Fly to Aberdeen

Mr. and Mrs. W. A. Peterson of Rossi Street flew north last week to join in the 25th year reunion of Mr. Peterson's high school graduating class at Aberadeen, Wash.

The Lafayette folk thoroughly enjoyed the gathering, renewing acquaintances of years past.

Sure, Commuters Are Glad Strike Is Over – But...

The 79-day-old Greyhound strike finally came to hectic end last Monray night at a special meeting of bus drivers held in the Labor Temple in San Francisco. The so-called "local run" drivers, reportedly comprising the Marin County group, originally cast a last-minute vote against accepting a settlement tentatively reached late the previous week.

Their decision was reversed in a second poll taken at this Monday night meeting, clearing the final obstacle for resumption of service.

COMMUTERS, being old hands by now at making their own way to and from work, considered this final phase as somewhat of an anticlimax to the whole affair. Many who had planned earlier to resume riding the buses on Monday morning decided instead to wait until some more definite situation prevailed.

Greyhound got the buses rolling almost immediately when the final vote tally was announced, although it will take at least a week before a definite load pattern develops.

Many who have been driving in to the nearest Key System facilities near the Claremont Hotel and continuing on their journey by train have found it to be not such a bad ride, and may continue the same arrangement, at least during the summer months.

Commuters meanwhile eyed two applicants who recently petitioned to take over commuter service now operated by Greyhound.

ONE OF THESE, Timothy J. Manning, whose proposal involves only Marin County, was scored at a hearing before the Public Utilities Commissioin in San Francisco earlier this week by Leith Athearn, newly-elected president of the Marin County Federation of Commuter Clubs.

Athearn, who recently addressed the Contra Costa Commuters Association, characterized Manning as a "Los Angeles promoter." Athearn said that he doubtetd Manning's intention to continue operation of the bus lines for very long if he was given the franchise.

Athearn also asked the Marin County Board of Supervisors, which had earlier endorsed the Manning application without consulting the commuters, to step out of the picture. The supervisors' group, headed by T. Fred Bagshaw, announced that it was doing that very thing. An earlier proposal by the Marin County Board of Supervisors to take over the commuter bus lines under county operation "died on the vine" some weeks ago.

THE OTHER APPLICATION before the Utilities Commission, filed by the Bay Area Transit System (the Arthur Jenkins-Fred Hamilton combine), whose proposal included a plan to operate commute buses in Contra Costa County in addition to San Mateo and Marin, was set aside by the commission until the Manning application is disposed of. Certain "deficiencies" relating to proposed service were announced by the commission in connection with the Manning proposal, and the hearing was recessed on Tuesday to allow a 20-day period for additional briefs to be filed.

The Contra Costa and Marin commuter groups have been represented jointly at these proceedings by Attorney Spurgeon Avakian, who moved Tuesday that the Manning proposal be rejected by the commissioin on the basis that it might result in financial losses and fare raises.

Meanwhile, the newly-washed and polished Greyhounds took to the road, their shining blue and white sides providing a patriotic composite of color with the red and white of the Burlington through-line buses, as they wended their way along the crowded highways leading to and from the Bay Area.

'Soul and Body' Christian Science Topic On Sunday

"Soul and Body" will be the subject of the Christian Science Lesson-Sermon for Sunday, May 25. The sermon will be comprised of citations from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

From Paul's epistle to the Ephesians these verses will be read:

"And he gave some, apostles; and some, prophets; and some, evangelists; and some, pastors and teachers; For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ: Till we all come in the unity of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ" (4:11-31).

The correlative passages from Science and Health will include the following:

"Mortals can never know the infinite, until they show off the old man and reach the spiritual image and likeness" (p. 419).

Collier to Talk At Dinner for Robert L. Condon

State Senator Randolph Collier, prominent Republican leader and chairman of the Joint Legislative Committee on Highways and Bridges, will be the keynote speaker for the Robert L. Condon for Congress testimonial dinner at the Casa Adobe in Concord Wednesday evening at 7 o'clock, according to Ray Johnson, dinner chairman.

Also speaking will be Assemblyman Francis Dunn of Alameda County, chairman of the Assembly Education Committee.

State Senator Collier said:

"I feel both privileged and proud to keynote Bob Condon's testimonial dinner for Congress. I have worked closely with him on many issues, particularly concerning highways and bridges, and I know him to be a hard-working, able, conscientious legislator who would make a splendid addition to California's congressional delegation."

Assemblyman Condon will give a talk concerning his candidacy.

The dinner will be non-partisan in nature, according to the Condon for Congress Committee, which is sponsoring the affair. Tickets are $5 per plate, and are available from Jack Lloyd ((Laf. 2220) and Dave Dolgin (W.C. 7394).

The dinner was originally scheduled for next Thursday night but the date was changed to accommodate Senator Collier, according to Johnson.

Chess Meetings Shift to Lafayette Community Church

Diablo Chess Club will hereafter hold meetings and matches at Lafayette Community Methodist Church on Moraga Road, Lafayette.

Spacious quarters were made available by Pastor Harry Shaner. Tables, chairs and a large meeting room make up an ideal situation for the organization.

Heretofore meetings have been held at Acalanes High School. Due to the school closing during the summer months, the club was hard pressed in order to maintain activity during the vacation period.

Meetings will be the same as before, every Thursday at 7:30 p.m. The policy of the club remains the same in welcoming the experienced as well as the beginner.

Republicans Claim Endorsement of Condon Misleading

The charge was made today that publicists for Democratic Congressional Candidate Robert L. Condon attempted to delude Solano County voters.

Lindsey Spight of Orinda, chairman of John F. Baldwin's Republican "Grass Roots" committee, challenged Condon's claim to the endorsement of State Senator Harold E. Powers of Modoc County.

Newspapers throughout the Sixth Congressional District last week published a release from the Condon headquarters quoting Senator Powers, a California Republican and billing him as principal speaker at a Condon dinner rally in Richmond last Friday.

"Senator Powers said he did not authorize any statement in behalf of Mr. Condon and purposely did not attend the dinner meeting," Spight said.

Spight charged that the deception was used in an effort to delude voters into believing that Condon, a liberal Democrat, had Republican support in his candidacy for Congress.

"The fact is that the Republican signers of Mr. Condon's nominating petition in his home county," Spight said, "were all residents of the Richmond housing areas, 25 miles from Condon's home town. He could not obtain one leading Republican in either Contra Costa or Solano County to make the kind of endorsement attributed to Senator Powers or to sign his nominating petition."

PREVENTS MANY STRAINS

There is a degree of truth, perhaps, in the charge that car makers are responsible for the situation that makes it necessary to slam the automobile door in order to close it, points out the National Automobile Club. Car owners, however, are not entirely innocent, and a little oil or graphite applied to door locks and strikers will demonstrate this to the satisfaction of the most skeptical.

Stanford Sketches to Honor Faculty, Students and Parents in Orinda Sunday

A large number of former, present and future members of the Farm are expected to turn out Sunday in the gardens of the Richard Bruener estate in Orinda when the Stanford Mothers of the East Bay stage their Stanford Sketches.

The title, Stanford Sketches, is being used, organizers said, because it will offer an oportunity to acquaint people with what Stanford is and does by bringing together the faculty, parents and students.

An informal reception of campus guests will get under way at 1:45 p. m. with the barbecue set for 4 p. m.

The program will include talks by department heads and officials from the university, and "Ram's Head Recalls," a presentation by the school's drama society.

Mrs. Edward M. Larmer of Lafayette is arrangements chairman. She will be assisted by a host of local residents.

Local high school students who expect to enter Stanford next fall have been invited.

Among those from Acalanes High School who have passed the qualifying examinations to enter the university are Sven Groennings, Carol Jean Earle, Thomas Tilton, Richard Hubach, Lois Galbraith, Jerry Vurek and Donald Reid.

Murphy to Address St. Mary's Seniors

J. Philip Murphy, prominent Oakland industrialist, will be alumni speaker at the traditional St. Mary's College senior dinner to be held in the Leaminton Hotel, Oakland, on June 12 under the auspices of the East Bay Chapter of the St. Mary's Alumni Association.

A member of the college's board of trustees, board of regents and athletic board, Murphy was graduated from St. Mary's in 1929.

"THAT'S THE ROUTE." — William J. Bettencourt (left), St. Mary's College director of public relations and alumni executive director, points out a bend in the Sacramento Northern railroad tracks in front of the idle St. Mary's Station to two present St. Mary's students, Thomas Hardy, a junior from St. Paul, Minn., and Eric Rice, a junior from Los Angeles. Bettencourt was a day student from San Leandro, 1935-39, and made the 40-mile trip each day by auto to 40th and Shafter, where he became a Sacramento Northern passenger for a half-hour's trek to St. Mary's.

Revival of S.N. Passenger Trains Would Benefit St. Mary's College

St. Mary's College is keenly interested in the current move to restore passenger service on the Sacramento Northern Railroad, college officials announced this week.

And the main reason is an obvious one: Passenger commute service would precipitate an increase in "day students" from East Bay points.

This was admitted by Brother U. Albert, F.S.C., director of school relations and former St. Mary's president when the college enjoyed Sacramento Northern commute service.

HE POINTED OUT that "day students," as distinguished from boarding students, now must travel to and from college by private automobile. "This now puts the college in a disadvantageous position," he declared.

The former St. Mary's president was quick to point out that Sacramento Northern passenger commute facilities played a prominent role in the final decision of the college's board of trustees to settle in the Moraga Valley in 1928.

Brother Albert also made known the fact that St. Mary's and Sacramento Northern authorities jointly constructed the St. Mary's Station fronting the college and now idle.

"THE 'ST. MARY'S Special' would leave 40th and Shafter in Oakland at 8:30 a. m., arriving at 8:55 for 9:10 o'clock classes," Brother Albert said. "This 'Special' would be side-tracked at St. Mary's for the return trip at 3:15 p.m. Students with laboratory periods would take the train coming from Sacramento at 4:30 p.m.

The conductor of the "St. Mary's Special," Lynn Hull, now of Concord, was featured in the Bay Area press when he received his Bachelor of Arts degree with honors from St. Mary's in 1938. Hull studied as a day student at St. Mary's for four years, while working the early morning and late afternoon shifts as a Sacramento Northern conductor.

William J .(Bill) Bettencourt, St. Mary's director of public relations and alumni executive director, revealed that the passenger commute service enabled him to attend St. Mary's as a day student from San Leandro, a distance of 20 miles.

OTHER DAY STUDENTS were registered from San Leandro, San Lorenzo, Castro Valley and Hayward, he pointed out. All would reach 40th and Shafter by bus or private auto to make connections with the passenger train.

Thomas J. Twomey, assistant to the dean at St. Mary's, revealed that the Oakland-bound 3 o'clock 'Special' would return at 5 o'clock to Contra Costa County stations with commuters and shoppers from San Francisco and Oakland.

"What a blessing such service would be now when you view the bumper-to-bumper traffic on the 'Tunnel Strip' each evening at 5 o'clock," he suggested.

Girl Scout Summer Camp Vacancies Still Available

The Diablo Valley Area Girl Scout Council announced today that vacancies still exist at their established camp on Packer Creek in the High Sierras.

Available are openings for Senior Girl Scouts in the second session extending from July 25 to August 7, and vacancies are available for Intermediate Scouts from August 8 until the 21st.

The Council pointed out that application for the two sessions may be made by girls who are not members of the organization, but are interested in camping, hiking and swimming under the leadership of Miss Jeanne Christy, who is in charge of all activities at the Sierra Woodland Camp.

Additional informataion may be obtained at the Girl Scout Office, Lafayette 4414.

Senior Girl Scouts Set Encampment

Senior Girl Scout troops of the Diablo Valley Area Girl Scout Council will hold their first Inter-Council troop primitive encampment next Saturday and Sunday at Sky Meadows, Big Basin.

A group met recently to make plans and rules for the camp with representatives of the Senior troops of Santa Clara Valley Council, Hayward Area Council, and Diablo Valley Area Council.

The opening ceremony will be planned and conducted by the Hayward Council with Diablo Valley girls in charge of ceremonies at Campfire and the flag ceremonies.

The Santa Clara Valley girls will conduct Sunday's "Scout's Own" ceremonies.

The camping experience will assist in preparing girls to qualify for Regional camp.

Girls from this council will be Diane Melvin, Nancy Mickelson, Moonyeen Spiher, and Jacqueline Burris of Pleasant Hill troop 34, and their advisor, Mrs. H. S. Glidden.

Girls from troop 6 will be Mary Louise Tinay, Beverly Fibush, and Pat Squires from Lafayette.

Jackie Schestik and Barbara Gray from Walnut Creek; Ann Stikeman, Mary Williams, Pat Yeager, Sandra Cunningham, and advisor Mrs. L. H. Squires from Alamo.

Also accompanying the girls will be Lorraine Hufford and Mrs. Walter Roberts who will act as camp first aider.

The girls met recently at the home of Senior advisor Mrs. Homer Winterton to prepare for competitive demonstrations.

Gordon, Butler Win J. C. Race; Coffey Lags 3rd

A spirited election contest for two posts on the Contra Costa Junior College District board resulted in victory last Friday for George Gordon, incumbent, and C. T. Butler, over Bert Coffey, incumbent, and James V. Lipary.

Unofficial results in the county-wide poll were:

Gordon, 14,669; Butler, 9831; Coffey, 8809; Lipary, 2908.

Acalanes Union High School District voters relected Trustees William B. Freeman and Carl Newbury, who were unopposed. Despite the lack of any contest, Freeman received 1642 votes and Newbury received 1623.

THE JUNIOR COLLEGE contest was marked by efforts of the Contra Costa County Citizens Committee for Better Schools for election of Gordon and Butler. Over the signature of Chairman Walter T. Helms, voters were urged to elect those two, who were described as "able, experienced men of fine moral character and unimpeachable integrity."

"We must keep party politics out of our schools," declared the Citizens' Committee statement, in a blast at another candidate (editor's note: Coffey, member of the Democratic Central Committee), termed "a professional politician connected with a Richmond political machine" . . . "trying to bring politics into this election."

IN THE FIVE elementary school districts making up the calanes High School District, the vote for Junior College trustees was:

Walnut Creek—Coffey ,196; Gordon, 580; Butler, 529; Lipary. 100.

Lafayette—Coffey, 40; Gordon, 329; Butler, 337; Lipary, 31.

Orinda—Coffey, 25; Gordon, 427; Butler, 492; Lipary, 51.

Canyon—Coffey, 13; Gordon, 13; Butler, 9; Lipary, 3.

Moraga—Coffey, 9; Gordon, 11; Butler, 4; Lipary, 2.

VOTE FOR ACALANES High School District trustees, according to local grammar school districts, was:

Walnut Creek—Freeman, 675; Newbury, 679; Lafayette—Freeman, 333 ;Newbury, 313; Orinda—Freeman, 599; Newbury, 595; Canyon—Freeman, 20; Newbury, 20; Moraga—Freeman, 15; Newbury, 16.

This Area Gave Winning Punch For C. T. Butler

C. T. Butler's defeat of incumbent Bert Coffey by 1022 votes in the Contra Costa Junior College trustees electoin was ascribed this week by political observers as largely due to the voting in the Walnut Creek-Lafayette-Orinda area.

In Orinda, Butler rolled up a 19 to 1 majority over Coffey. In Lafayette Butlers majority over Coffey was 8 to 1. In Walnut Creek, it was better than 2* to 1.

Lindsey Spight of Orinda, chairman of the John F. Baldwin congressional campaign, pointed out that the Baldwin organization aligned itself with the campaign group for Butler, Hercules Powder Company manager, and said the result showed the polling power of Republican campaigners.

Realtors to Hear Commuter Talk

Members of the Contra Sosta Realtors Mart will hear a talk by a representative of the Contra Costa Commuters Association at their breakfast meeting Monday at Planters Dock.

The group also will vote on changing the meeting day from Monday to Tuesday.

At last week's meeting, the speaker was John Nejedly, Walnut Creek City Attorney.

COOPERATIVE ART ASSOCIATION'S annual Exhibit Tea will be held at the Art and Garden Center, Walnut Creek, on June 1. Work of Lafayette and Walnut Creek youngsters who are students in the association classes will be on display. Just to get into the "feel" of things, a few of the children do a bit of painting at the Art and Garden Center. The students, left to right, are John Athanson, Terry Hackett and Ann Evans. Central County Area Roads Would Benefit from Bonds, Backers Say

Highway improvements of particular interest to Central Contra Costa County under the Tudor program that calls for expenditure of $10,-250,000 were reviewed this week by the Citizens' Highway Committee of 100 as it moved into the final period of a comprehensive voter educational campaign.

Authority to execute the Tudor program, which has been placed on a minimum, non-deferrable basis, is sought of voters who will ballot June 3 on County Proposition A.

This proposal would authorize 25 year bonds, with the long term financing permitting a 2 to 10 cents tax reduction in the road budget, accordin gto the Board of Supervisors.

ONLY ALTERNATE to this "easy" method of financing would be a direct tax that would impose a levy of 75 cents to $1 annually, an increase of 13 cents or more over the 62 cents currently on the road budget, it is pointed out.

This heavy direct levy would have to prevail for five or six years, board members declare, to provide the same amount of funds for the same program. The bond method will permit execution of the Tudor program in shorter time, three or four years.

Proponents also see this proposed stretch of highway as an important link in any future development of a second tunnel between Contra Costa and Alameda Counties.

TUDOR RECOMMENDS that some realignment, plus resurfacing and repair, be undertaken at an estimated cost of $375,000. Highway to be improved is along Moraga Road and St. Mary's Road in Lafayette, to Moraga, and north on the Moraga Highway to Glorietta Boulevard, in Orinda.

Pleasant Hill Road would be improved its entire length, beginning with widening to four lanes for a half mile adjacent to Acalanes Union High School.

On the 11 per cent grade north of Acalanes High School, it is proposed that a third lane for slow uphill traffic be constructed. Four-lane would be more desirable, the report points out, but the rough terrain makes costs prohibitive.

IMPROVEMENTS FOR the remaining five to six miles would result in a highway that will give through traffic between the Lafayette-Orinda-Walnut Creek area and Martinez "a facility very much better than the present State Route 21 (Walnut Creek-Martinez Highway). "This is particularly important," the report adds, "because the limitation of state highway funds will probably preclude improvement of Route 21 for several years."

Cost of improving Pleasant Hill Road is estimated at $1,300,00. Lafayette and other Central Contra Costa communities would also be provided more rapid transit to west Contra Costa industries through the realignment of the San Pablo Dam Road between Orinda and San Pablo. Improvement and widening to four lanes in some stretches of this 10-mile linke are estimated at $2,-380,000.

The Pleasant Hill Road improvement, the committee also points out, provides a facility of service to constantly increasing central county traffic to the county seat.

Four - Sentence Argument Given For Road Bonds

The Contra Costa Citizens' Highway Committee of 100 presents in four sentences "the accomplishments that lie in the adoption of Proposition A," the $10,250,000 county roads bond measure on the June 3 ballot:

"It will lower taxes on the road budget 2 to 10 cents and possibly more.

"It will get the highways we must have.

"It will stop a probable 13 cents (or more) tax increase on the road budget by extending costs over 25 years as a replacement for the usual short-term direct financing.

"Both city and country taxpayers benefit, road-wise and tax-wise."

Drive Continues For Cancer Funds

Memorial Day weekend may be a reminder to many to send in their contributions to the National Cancer Society. Contributions may be sent to the Cancer Society in Walnut Creek or the local chairman, Mrs. William M. Orndhff, 1168 Upper Happy Valley Road, Lafayette.

The drive for funds will carry on research to fight the dreaded disease and educate the public on the importance of early diagnosis. A part of the contributions will go to the local cancer society. The campaign runs from April through September. A series of educational films by the National Cancer Society is available to interested clubs and other organizations.

Members of the letter campaign committee are Mrs. Glen Logan, Mrs. William Babcock, Mrs. Roger Amidon, Mrs. David Vance and Mrs. Ornduff.

Local Reserve Squadron Gets New Members

The local Air Force Reserve Squadron, the 9441 V.A.R., has been active in assigning reservists to their outfit.

Members keep up to date with Air Force regulations and planning and retain their grade or commission, promotion and a point system for eventual retirement. The squadron has its office and meeting rooms on Mt. Diablo Boulevard in Walnut Creek and meets every Thursday night at 7:30 p.m.

Those recently assigned are Sergeant Lyn R. Wright, Captain James A. Felchlin, Major Merle G. Hopper and Major Ben L. McQuillen, all of Orinda, and Captain Lester C. Scharmer of Walnut Creek.

Lieutenant Colonel Robert S. Bridges of Lafayette was recently attached to the squadron.

Officers recently promoted are First Lieutenant John A. Lundholm of Walnut Creek and Captain John P. Tallia of Gregory Gardens.

Ball Tomorrow Adds Funds for Nurses' Training

Contra Costa Medical Auxiliary will give its first annual Flower Ball tomorrow night at Diablo Country Club.

Proceeds from the semi-formal dinner dance will go toward nursing scholarships. The auxiliary has planned the dance due to the desperate need for nurses and because there are many girls who would like to enter nurses' training but are unable to afford it. Scholarships will go to these potential nurses.

Everyone is invited to attend the 8 p.m. event but all must have invitations. Invitations may be secured by contacting Mrs. Charles J. Hart at W.C. 3581 or Mrs. G. B. Van Nuys at W.C. 6133.

Two Orchestras To Give Joint Concert June 5

A "ringside seat" is the promise to concert goers who attend the premier performance of the combined Acalanes Adult Orchestra and the Martinez Adult Orchestra to be held in the Acalanes High School gym June 5 at 8 p.m.

To accomplish this, the orchestra, comprising over 60 players, will be seated in the center of the gym floor in a fashion which has proved highly successful in other parts of the country. The audience will be seated in huge tiered circles around the orchestra.

THIS IS THE FIRST time that an orchestra of symphonic size and balance has ever been organized in Contra Costa County, and, says Oscar Busch, one of the directors, "The members have rehearsed patiently and faithfully to prepare a fine first public concert." The other director is Alan Scholl of Contra Costa Junior College East Campus.

The orchestra will play, among other numbers, the Egmont Overture of Beethoven and the Queen Symphony by Haydn. Included as a special attraction is Nancy Carlson, gifted Acalanes Senior pianist playing with the orchestra the First Movement of the Tschaikowsky B Minor Concerto for Piano and Orchestra.

The program will be repeated June 10 at the Junior High School in Martinez. Both concerts are free to the public.

Art Association To Hear Talk On Photography

Members of the Diablo Art Association will hear a talk on "What the Photographer Can Teach the Painter," by Minor White at their meeting 8 p. m. Monday in the Equity Hall of the Episcopal Church.

White, who will replace the previously announced Cedric Wright as speaker, is a San Francisco photographer.

He is editor and publisher of the quarterly, "Aperture," devoted to serious photography. He has contributed to Magazine of Art and Design.

He now is head of the photography department at the California School of Fine Arts.

Garden Club To Meet on Monday

Mt. Diablo Men's Garden Club will hold "old timers' night" Monday at 6:30 p.m. at Planters Dock in Lafayette.

Paul Keller and Joe Lincler will act as co-chairmen. Garden hobbies is the topic of the speakers, which include Bruno Gelbke, Frank Leach, Bernard Klaus, J. B. Roach, Joe Linsler and Paul Keller.

Al Evers has arranged the donation of a plant from one of the local nurseries to be offered as first prize. Other prizes will be donated by members of the club.

GOP Rally Slated Wednesday Night At Acalanes High

Members of Walnut Creek, Orinda and Lafayette Republican organizations will hold a candidates' meeting Wednesday night in the auditorium of Acalanes High School.

All candidates have been invited to attend the affair, which will start at 7:30, and those present will be presented by their followers and will have an opportunity to express their views on pertinent topics.

GOP COMMITTEE officials said the first half hour of the scheduled meeting will be set aside for voters to hold "off-the cuff" conversatations with candidates.

The rally will be conducted in convention style. A portion of the meeting will be set aside for entertainment.

Entertainment, with a "mink" heme, will include some of the best theatrical talent in Contra Costa County, according to plans formulated at the home of Mrs. Harmon Howard in Walnut Creek Monday evening.

Thespian efforts will include Fred Udall, master of ceremonies; Bill Brock, whose singing was one of the bright spots of the Junior League Follies; Doris Jellet, Norma Boero, Ruth McVean and Pat Jelton, local thrushes, and Spencer Lehmann, Marion Plans and Vad Jelton, in the crooning department.

The rally is being brought about through the combined efforts of the Orinda Womens Republican Club, Lafayette Womens Republican Club, Lafayette Young Republican Club, Walnut Creek Womens' Republican Club, Walnut Creek Young Republican Club, and Contra Costa Republican Assembly.

HELPFUL HINTS FROM MILTIE

If your plate rail is higher than eye level and bitter experience has taught you that your prettiest decorative plate is apt to slip from its perch, you can use this idea. Stick strips of adhesive tape on the plate rail just in front of the spots where the bottoms of the plates rest. Two strips, one on top of the other is even better. When you put the plates back, place their bottom edges behind the tape and against it. Even this small ridge makes the plates much more secure.

This idea is very good. The only reason I don't like it, is because it cuts down on our sales of plates that you would have to buy to replace the broken ones, if you don't use this idea.

Morrish, Neighbor, Davis Vie For President's Gavel

Students at Acalanes High School will elect officers for the coming year Monday.

Gunning for the president's seat will be Tom Morrish, Ned Davis and Ed Neighbor. All three are experienced in student government and school activities.

Running for the office of vice-president is Rick Johnson while Judy Johnson is eyeing the job of secretary.

Hopeful of taking over the social secretary's post are Carolyn Goforth and Marianne Somers.

Claudia Mauzy and Karen Johansen are pitted against each other for the treasurer's job.

Rounding out the ticket are Judy Rugh and Linn Sellman who are competing for the job of yell-leader.

EYEING THE PRESIDENT'S CHAIR of the Acalanes High School student body here are, top, left and right, Ned Davis and Tom Morrish, and right, Ed Neighbor. Students will go to the polls Monday to elect a president, vice-president, treasurer, secretary, social secretary, and yell leader.

Two Artists Featured Wednesday In Women's Club Joint Recital

Two Bay Area women artists will be presented in a joint recital Wednesday at the Walnut Creek Women's Club.

Scheduled to appear is Marjorie Kennedy, of Walnut Creek, whistling artist, and Eva Garcia, well-known Bay Area Pianist.

Mrs. Kennedy, formerly of Spokane, Wash., and now a resident of Walnut Creek, is a graduate of the Agnes Woodward School of Whistling in Los Angeles.

IN ADDITION to her many stage and radio appearances, Mrs. Kennedy taught whistling for many years, and numbers among her pupils Patrice Munsel, starting her on the road that led to stardom at the Metropolitan Opera.

Miss Garcia, one of the best known and accomplished resident pianists in the Bay Area, is a former pupil of Sigiamond Stojowski and Josef Llhevinne.

THE RENOWN pianist has won particular recognition as an exponent of Spanish Music. She has concertized extensively in this country, as well as in Australia, New Zealand, the Hawaiian Islands, Mexico and Latin America.

Miss Garcia brings to her audiences vivid impressions of the music and customs of the countries she has visited. Her special talents for playing Spanish Music, with its strong rhythms and atmosphere of passion, is heightened by the fact that Miss Garcia wears colorful and authentic Spanish costumes during her concerts.

THE LOCAL CONCERT is being sponsored by the Mary-Martha Branch of the womens' Auxiliary of St. Paul's Church. Tickets may be obtained at the door, Reilly's Music Shop and Hendricks Piano Co., both in Walnut Creek. The concert will start at 8 p.m.

Forty-Five to Receive Completion Certificates from Contra Csta J. C.

East Contra Costa Junior College community service course awards will be presented to 45 students Tuesday night at ceremonies in the Walnut Creek Grammar School.

Certificates of completion will be presented to members of the real estate law class taught by John Fagan. Ten persons from Walnut Creek and two from Lafayette will receive certificates.

THEY ARE: OSCAR Mills and Rene Lingelser of Lafayette; and L. E. Holton, E. M. Honsons, Neill Johnson, Joseph and Emma Muzzi, N. D. O'Neal, Lucille Simpson, L. F. Smarsh, Carol Stitler and H. T. Winn, all of Walnut Creek.

On Monday, May 19, 24 members of the primary and advanced insurance classes received completion certificates from Fred Abbot of Brentwood, president of the college board of trustees and speaker of the evening.

AMONG THOSE who received certificates were: Janice Hageman and A. E. Ingalls of Lafayette.

Earlier in the month certificates were presented at the Walnut Creek Legion Hall to the following local members of the East Contra Costa County Junior College community service course in techniques of supervisory management: A. M. Douglass and L. E. Otto, Walnut Creek, L. P. Capra of Lafayette, and H. B. Birkhead of Orinda.

State and federal civil defense chiefs will outline how federal, state and local matching funds will be used to augment civil defense efforts throughout the Bay Area Region.

LOCAL CIVIL DEFENSE directors will learn what they may exect for Bay Area cities and counties in the way of first-aid equipment, communications, medical supplies, radiological equipment, etc.

Family Education and Group Leadership To Be Discussed at PTA Conference

Family life education and group leadership training will be topics of discussion at the parents education conference of the Mt. Diablo Council of Parents and Teachers 9:30 a. m. Tuesday at the Crawford Village School in Concord.

County and district school officials, specialists in child guidance and state, district, council and unit PTA members are taking part in the study program.

THE FAMILY LIFE education phase of the conference will be opened by Mrs. Elliott Mauzy, council president.

Discussion will focus upon the pre-school period of childhood, and psychology for parents adaptable to that age group.

A child-study film, a skit and novelty song number will comprise this part of the program which will be under direction of Mrs. H. F. Neller, program chairman.

The film and following group discussion will be presented by Mrs. Abraham Ganz, parent education, 16th District Council.

THE SKIT WILL BE directed by Mrs. J. E. Castro of Parkmead PTA, with Mrs. L. Green, Mrs. D. M. Levis, Mrs. D. R. Green, Mrs. E. W. O'Rourke, Mrsr. G. A. Brelie, Walnut Creek School Superintendent Sheldon Rankin and H. F. Smith, principal Lafayette Elementary School, taking part.

MEMBERS OF THE Mt. Diablo Council Mothersingers Chorus will take part in the song number and Jeanne Anderson will be in charge of scenery.

Mothersingers are Lois Hodgson, director; Mrs. Jereme Harmesek, Birch, Ruth Machado, Pat Warner, accompanist; Mesdames Dwight Blanche Berg, James Snow, George Dunn, Esther Clark, Gerald Cook, and Jane Sietrich.

The leadership training phase of the conference will consider group relations, dynamics of group participation and lay leadership training.

THIS PART of the program will be conducted by Mrs. John Murphy, consultant for parent education for the 19th District Council.

Techniques of education study will be demonstrataed in a sociodrama, directed by Ralph Harris, director of health education and recreation, Contra Costa schools.

Group discussion following this study period will be led by Mrs. J. A. Martin, president 16th District Council; Mrs. W. L. Riser, assistant parent education chairman of the California Congress of Parents and Teachers; and Mrs. G. W. Luhr, membership chairman of the National Congress of Parents and Teachers.

Printed resource material on family counseling, group processes and leadership, family life education, mental health, and educational films will be available. The public is invited.

Photo Contest to Be Held Tuesday

Judging will get under way at 8 o'clock Tuesday night in the Contra Costa Camera Club's regular monthly print and color-slide competitions at Orinda Community Church.

In addition, the club will hold special competition for the organization's permanent portfolio on the subject "Santa Maria Chapel." The critic will be Sam Cohen.

Refreshments will be served at the event.

Defense School Head

The Federal Civil Defense Administration this week announced appointment of Dr. B. Frank Gillette as acting director of the Western Training School at St. Mary's College.

Dr. Gillette succeeds Dr. John R. Nichols, who has been selected by the State Department to head the United States' Technical Assistance Program in Egypt.

Rescue Course Gets Under Way At St. Mary's

First course in rescue tetchniques for civil defense workers in the western states was launched Monday at the Western Training School at St. Mary's College by the Federal Civil Defense Administration.

The course, to be given each month, lasts one week and is designed to develop a corps of trained men who, in case of attack upon our cities, will be ready to go into action to remove people trapped in damaged or demolished buildings.

All the training takes place on the elaborate rescue set simulating a group of typical American homes seriously damaged by an atomic bomb and high explosives.

Lucky Senior Dons Win Scholarships

Seniors Get Scholarships to "Farm" Harvard

(reprinted from Acalanes Blueprint)

Acalanes has done it again. This time by hauling in the largest number of scholarships ever won by a senior class. And many more seem to be on the way.

Three ex-Dons will be attending classes at Harvard next year, with the help of some well deserved scholarships. Howard Flanders is sponsored by the Harvard Club of San Francisco, Richard Rogers received a freshman scholarship, while Art Siler won his on the national scale.

Dick Huback seems to have his choice of attending classes at Oklahoma University or Reed College, where his brother is now a student. Jerry Vereck also received a scholarship from Reed.

Sven Groennings will be seen at Stanford next year, and probably for the other three years of his college life.

There are still more scholarships on the way. Many students have applied at various Universities and Colleges and just haven't had replies yet. Also there are many big scholarships sponsored by local groups which will be announced at Graduation or at the Awards assembly.

There will be four scholarships from our own Parents' Club. Also there is the Norman Arrighi Memorial Scholarship which will go to some worthy senior boy who will attend Cal next year.

As usual our chapter of the C.S.F. will sponsor one too. Others are from the Orinda Mothers' Club to an outstanding student in Art, and from the Kiwanis Club of Walnut Creek to a student planning to enter into the field of education.

The "Blueprint" wishes to congratulate those students who have received scholarships and wish the best of luck to those who are applying for ones.

MR. WALGREN CONGRATULATES Art Siler, Howard Flanders, and Richard Rogers after receiving word that they had won scholarships to Harvard.

G.O.P. Candidates On Radio Tonight

Republican candidates for Congress, State Senate and State Assembly will speak tonight from 8 to 9:30 over Radio Station KECC, according to Joseph R. Creighton, of Orinda, who has been coordinating G.O.P. candidates' meetings throughout Contra Costa County.

Home is where you hang your clothes and where you eat — and where you buy clothing, food and other items.

Seven New High School Teachers Hired

Seven teachers have been hired for the coming school year at Acalanes and Las Lomas High Schools. Three vacancies remain to be filled.

New teachers at Las Lomas next year are Elizabeth Bennett, English and Spanish instructor; Roberta Bristol, girls' physical education; Merrill Callow, boys' physical education and coach; Eugene Meville, mechanical drawing and math, and Dale Hamann, typing and commercial.

NEW STAFF MEMBERS at Acalanes are Mrs. Barbara Cross, biology; John McLean, driver training. McLean replaces Ed Lahey, who is being transferred to teach driving at the Walnut Creek school.

Mrs. Beverly Eggleston, Acalanes biology instructor, has tendered her resignation.

Leaves of absence have been granted to Mrs. Gertrude Bartley, counselor and English and math teacher, and Gerald Brown, math instructor.

Mrs. Bartley will join her husband in Japan where he is in the armed forces. Brown is returning to complete graduate university study in education.

IN OTHER BUSINESS, the Acalanes school board accepted bids on furniture for Las Lomas High School. Bid for cafeteria, classroom, teachers' desks and folding chairs ran 4954. Typewriters for the new commercial class room were approved at $4357.

The board also purchased two additional school buses. The high school transportation system is pooled with elementary areas within the Acalanes district, excepting Walnut Creek.

The two buses, each with a 55 high school student capacity and 77 elementary student capacity, cost $27,000.

The board moved to install a campus-wide public address, interclass and building communication system at Las Lomas for $5595.

HIGH SCHOOL TRUSTEES will call for bids to complete a 50,000 square foot additional parking area at Las Lomas. The area will be south of the present parking lot.

A road crossing the railroad right-of-way already completed on the Las Lomas sight by Cleverdon Company, Lafayette, was accepted.

Trustees met with the district architect to discuss plans for building two additional units at Las Lomas. The units will include classrooms and multi-purpose cafeteria, small assembly room and area for music instruction.

Units containing classrooms and a library now are nearing completion, and should be ready next fall, authorities said.

Acalanes Graduate Wins Art Award

Shirley Williams, an Acalanes senior who graduated in February, placed in the national judging in the dress designing division of the National High School Art Exhibition.

Shirley, whose field is costume design, is awaiting admission to the California College of Arts and Crafts. Her entry was a teenage taffeta date dress.

More than one million high school students entered the contest.

Shirley is the daughter of Mr. and Mrs. C. R. Williams of Beechwood Drive, Lafayette.

Acalanes Stages Show, 'Musance'

Acalanes High School's spring show, "Musance," was held last Friday in the Don gymnasium.

Featuring the Acalanes dance group, Acalanes chorus and band, more than 150 students took part in the production.

The affair was directed by instructors Millicent Hamberger, Dick Hansen and Betsy, Pembroke.

Spotlighting the Strip

By KTTY COLE

Lots of excitement these days. The winter hibernates are out "doing the town" and the dine and dance spots are the main attraction. Seems the warm weather makes one want to "get up and go." Did I say go? Well then, let's . . .

The rumored signing of RUSS BENNETT'S Orchestra, for a steady engagement, by PLANTERS DOCK, is now a reality. They open for an indefinite engagement starting May 24th. The DOCK is exceptionally well-equipped to handle large parties, and the prices are reasonable. The special Chinese plate dinner, includes Jar Har — Gai Ding — Chow Yuk — Chow Fan — and Foo Yung. My mastery of the Chinese language may not be the greatest, but the food is, (the greatest, that is) . . . DANNY VAN ALLEN'S features a very good, low-priced dinner, music for dancing, and when you add to this, the zany antics of DANNY, himself, you're in for an enjoyable evening. DANNY plays many of the same unusual instruments he used while with SPIKE JONES. He was one of the original "Jones's boys." Watch this column for a "scoop" about this spot.

PAUL'S VILLAGE in Richmond will have floor-shows, beginning May 23rd. Only the best acts will be brought in, and the lead-off show stars EDDIE GOMEZ, romantic song stylist. Long a SINALOA favorite, he has just finished engagements at CIRO'S and the MOCAMBO in Hollywood. JIMMY RODGERS and Orchestra continue to play for dancing . . . When RUSS ARNO, ACAPULCO'S fine signer gives out with "She's Funny That Way," the audience pays him the greatest of all compliments — complete silence. You can hear a note drop. RUSS is the sensational young man who sings like SINATRA, has the same hungry look, and is, in fact, a protege of "The Voice." FREDDY MOTTLE is taking a personal interest in him, and has many plans to make his, a bright future.

NO KIDDING! These seven characters brought Acalanes a second place in North Coast Swimming. They are, left to right, Jim Small (kneeling), Dick Hubach, John Kistinger, Charles Ostrom, Brooks de Laneux and Bob Harrison. Kim Wilkin playing games.

Sideline Slants

Puzzled by Parsons' Keen Interest in Crew Races? Yes, There's Good Reason!

By ERWIN MATTSON

NEIL M. PARSONS, superintendent of Acalanes High School District, was more than a casual observer at the crew races between the University of California and Washington University at the Oakland Estuary last Saturday.

His son Norman, who graduated from Acalanes last June, did his bit for Cal when he rowed in the Frosh shell, which won by a comfortable margin, as did the Varsity and J.V.

It was a clean sweep for the Bears as they stroked their way to win in all three races, which was the first time it had happened in a long, long time.

One thing which always impresses one the first time one observes a racing shell is the fragility of the craft. Its sides appear to be tissue thin and the sliding seats are extremely small, especially in view of the fact that most crewmen are six-foot and upwards.

The object of course, is to get as little weight to pull as possible. Tall crewmen give extra leverage and pull, which mean more speed and maximum efficiency.

A LEAGUE MEETING was held at Martinez Monday, and a number One important item dealt with and passed upon.

One important item dealth with the weighing-in of candidates for Bee basketball, Bee track and Bee swimming.

It was decided to have the weighin prior to the opening of the season of each sport. Thus the weighing of basketball candidates would came in October, with the season starting in November.

The principal of each school will be notified the morning of the weighing, and each coach will have a prepared list of all who plan to go out for the sport.

In the past, a specific date has been set which has resulted in athletes engaging in some poor health practices in order to get under the required weight by such procedures as excessive exercise and eating on a very reduced basis.

It is felt that the new method will discourage such procedures and get a boy's normal weight, which should be the basis for any classification system.

Red Cross Meet Set for June 2

Annual meeting of the membership of the Mt. Diablo Chapter, American Red Cross, will be held in the Walnut Creek chapter house at 10 a.m. on Monday, June 2.

The agenda includes committee chairmen's reports, election of officers and revision of by-laws.

All who have contributed $1 or more to the Red Cross are members and are invited to attend.

2 Speakers Named For Palsy Society

Two speakers are scheduled to give talks Tuesday evening at 8 p.m. at the monthly meeting of the Contra Costa County Cerebral Palsey Society at St. Michale's Episcopal Church in Concord.

The speakers will be Mrs. Annabel Hayes, who helped institute a school for cerebral palsied children at Hayward, and Dr. Charles Lee director of special schools and classes for Alameda County.

All interested persons have been invited by the Society to attend the meeting which will be followed by refreshments and a social hour.

Don Track Men Place in Tough North Coast Meet

The Acalanes Dons fell behind in the scoring at the North Coast Section Track Meet at Berkeley last Saturday but did gather points in the pole vault, discus, shot and high jump.

Neil Caldwell failed to clear 11 foot-six and was involved in a nine-way tie for fifth but was given the opportunity to go to the State Meet when Stan Gaunt of Diablo and Charlie Hightower of San Jose displayed some fine sportsmanship in giving Neil their third place spot on the basis of his record to date.

DOUG COOPER ran the race of his life when he topped the high hurdles in an amazing 15-flat to cop third.

Art Siler was second in the discus and Eric Murray a fourth, while Murray was also tied for the fourth spot in the shot.

MIKE WHITE, ace of the Don Bee squad, came through with a brilliant performance when he captured the high jump with a leap of 5 feet, 8 7/8 inches, to crack the old record of 5 feet, 8 1/4 inches.

Mike misses out on the State Meet, as only Varsity competition is held, and Art Siler fails to make the trip due to the fact that discus competition is not held as a part of the meet.

Coach Charles Eaton left this morning with Caldwell and Cooper for the State finals, to be held at the Los Angeles Coliseum tomorrow. They are making the trip on the Daylight Limited and plan to return Sunday morning.

No Classes Tonight At Junior College

East Contra Costa County Junior College classrooms will be turned into bazaars tonight at the opening of the first annual Interclub Council Carnival.

The carnival gets under way at 7:30 p. m. with 14 concessioins slated to provide entetrtainment for "carnival goers."

PAT NERRICK of Lafayette, general chairman, said funds taken in at the affair for concession and general admission tickets will go to the recreation fund of the Contra Costa Juvenile Hall, and toward funds established for various college clubs.

The Juvenile Hall is a community service sponsored by the Interclub Council.

Tickets may be obtained at the door.

Don Varsity, JV In Tennis Wins

Acalanes Varsity and Junior Varsity tennis teams came through with decisive victories during the past eight days.

On Tuesday, the Don Varsity racqueteers defeated Albany at Albany, 5-0.

ALL THE MATCHES were singles.

Gerry Gray defeated Dick Robins, 6-1, 3-6, 6-3.

Phil Lowthian defeated Carl Anderson, 6-3, 6-4.

Jim Browning defeated Bob Huskins, 6-4, 7-5.

Marty Carovano defeated Mickey Kerr, 8-6, 6-3.

Jim Tod defeated Gene Serex, 6-2, 6-3.

THE ACALANES J. V. Tennis team defeated San Ramon 4-2 on May 15.

Acalanes: Don Rathjen defeated Ron Silva, 3-6, 7-5, 6-2; Phil Lowthian defeated Ed Lowe, 6-0, 7-5; Jim Browning defeated Connie Ullman, 6-1, 6-2; Ron Huffaker defeated Hugh Corum, 6-2, 6-4.

San Ramon: Dale Myers defeated Chuck Gompertz, 6-4, 6-4; Dave Mittleholtz defeated Jim Todd, 0-6, 6-4, 6-4.

Acalanes Parents Install Officers

Acalanes Parents Club this week installed officers for the coming fall and spring semesters. It was the final meeting of the season.

New officers are Fred Knobel, president; Mrs. Don Krotz, vice-president; Mrs. E. E. Roland, corresponding secretary; C. L. Aiman, treasurer ;and L .S. Barden ,auditor.

Before the installation, parents were informed of the work being done in the industrial arts department headed by Elmo Heard and staffed with Stanley Black, Robert Thom and Robert Stevens.

Displays of mechanical drawing, wood shop, metal craft work and auto shop were exhibited and described.

Hutchins Senate Campaign Starts

Campaign for the Republican nomination for State Senator from the 17th District, which includes all of Contra Costa County, has been launched by sponsors of Daryl F. Hutchins of Walnut Creek, young business man.

Headed by Chester Arthur as chairman and Mrs. W. G. Wilt, secretary and chairman of the Women's Committee, groups are being formed in all parts of the county to work for Hutchins' nomination at the June 3 primary election.

Hutchins is not cross-filed on the Democratic ticket.

Hutchins is 31, married and the father of three young children. He lives at 210 Summit Road, Walnut Creek. He is engaged in merchandising in the food line. He has had experience in advertising, radio and music, his avocation.

5 to 4 Loss for Legion Nine – in 14-Inning Game!

The Lafayette Legion made the Albany representatives extend themselves no end when they were forced to go 14 innings to defeat the local post 5-4 last Sunday afternoon at Acalanes High School.

Albany rated as heavy favorite, being at full strength while the local lads do not as yet have the services of any varsity players.

RICK JOHNSON started on the mound for Lafayette, but three hits, a walk and two errors resulted in four runs, and Red Jones took over, going the rest of the way.

The Lafayette nine pecked away at the 4-0 lead and scored three in the next six innings, then tied it all up in the seventh when Paul Miller found one to his liking and put it in the ditch deep in left field to make it 4-all.

THAT'S THE WAY it stayed until the fatal 14th, when Albany pushed across a lone run to make it 5-4.

The Legion nine added a forfeit win in county league play when San Ramon failed to show on Saturday.

TOMORROW they play Pleasant Hill on the Acalanes diamond and are favorites to repeat two earlier wins.

John Conley or Red Jones is slated for mound duty.

Cougars Defeat Error-less Dons By 3 to 0 Score

The Acalanes Dons played error-less ball and made two double plays in last Tuesday's league game at Albany, but inability to hit in the clutch plus some fancy playing on the part of the Albany Cougars resulted in a 3-0 loss for the Dons.

The result pushed Albany to the number 1 spot in league standings, with the local nine slipping to second

IT WAS A PITCHER'S battle all the way, with Bob Borghesani of the Dons and Albany's Joe Dorsey throwing some top-flight ball, each aided and abetted by top fielding.

Albany's infield was smooth as it pulled four double plays over the seven-inning route.

THE TWO TEAMS were both scoreless going into the bottom of the sixth. Kent McDonald lofted a high fly over the short right field fence and ended up on s-e-c-o-n-d when it was ruled a double on the basis of ground rules.

John Cebull drew a base on balls. At this point, Joe Dorsey hit one over the center field fence for a home run, which proved to be the old ball game, as the Dons failed to score in the top of the seventh.

Acalanes Nine Downs Pitt 9-4

The Acalanes Dons had their bats swinging and hitting last Friday.

That, coupled with the fact that Big Bob Borghesani was in fine fettle on the mound, resulted in a 9-4 win for the local nine over Pittsburg, at the Don diamond.

Pittsburg tallied first when an error and a hit produced a lone run in the second frame. The Dons came back strong in the third, when they put the game on ice with six runs crossing the plate.

WITH ONE AWAY, Bob Westlund was safe on an error and there were two on when Dick Fey reached first as the second baseman bungled a well-hit ball. The bases were loaded when Bob Dwight drew a base on balls.

John Champlin hit a sharp single to left, scoring two, and seconds later romped home when Bob Borghesani put one over the left fielders' head for runs 4 and 5. Dick Davis tallied number 6 when he rapped a high fast one to deep left for home run number 2.

THE DONS ADDED insurance in the fourth, when they scored three runs on three hits, with Andy Monsen, Dick Fey and Bob Dwight all contributing singles.

Pittsburg scored twice in the fourth and once in the seventh, with the ball game ending when Sad Sam Dawson popped up to Dick Fey for out number 3.

BOB BORGHESANI received credit for the win, giving up six hits and striking out 10.

Jackson was the losing hurler, yielding eight hits and striking out four.

It's Windup-Time for Spring Sports Whirl

Competitive athletics in spring sports are rapidly winding up for the 1952 season.

Neil Caldwell and Doug Cooper will be at the State Meet in Los Angeles tomorrow, and that winds up track.

The J.V. basketball nine ends its season when it travels to Diablo today, and it looks like an even-steven game.

THE VARSITY NINE still has hopes of a title in an upset season. It ackles Diablo today on the Acalanes diamond, and is favored to repeat an earlier win over the Devils.

They windup the season when they meet John Swett at Crockett next Tuesday, and enjoy a bye on Thursday while other nines battle it out.

Albany at this point holds a one-game lead but has three to go and travels in two, so anything can happen.

TENNIS CROSSES racquets with Diablo here today and meets John Swett on Tuesday at Crockett, with the Dons favored to repeat earlier wins.

Swimming is wound up as far as school competition goes, while golf rates a heavy favorite to cop top honors in the county match play to be held at the Diablo Country Club tomorrow.

Don Divoters Down Teams of 2 JC Campuses

The Acalanes golf team continued on its way to an undefeated season when it beat the East Campus of Contra Costa Junior College 11-1 last Friday at Orinda Country Club and came back on Monday to set down the strong J. C. West Campus 7-5 over the same 18 holes.

Bob Diehl shot a brilliant 72 to cop medalist honors, while Mike Elvidge had a red hot 74.

Raymond Orr had an 83 and lost his game but picked up an all-important point on the back nine which meant the win for the Dons.
